

POLICY TITLE: Claims Against the District

POLICY NUMBER: 1025

Purpose: The purpose of this policy is to provide direction to District staff for processing and resolving (if possible) account adjustment requests and property damage claims against the District. Inherent in this policy is the recognition that every adjustment request or claim will be unique, and that guidelines cannot be written to accommodate every case. Therefore, staff must use discretion and good sense in handling each claim.

1025.1 Property (Land and Improvements) Damage Claims

In the course of the District's operations damage to land and improvements thereon occasionally occurs due to the proximity of the District's facilities to private property. When District employees are aware that property has been damaged in the course of their work, restorative measures are to be taken to return the property as close to its original condition as possible.

When a property owner informs a District employee of damage to their property (by telephone or in person), the employee receiving the claim will document in writing the time and date and a description of the stated circumstances and allegations. Employees should respond to questions, be cordial and respectful, but refrain from commenting on liability questions.

As soon as possible after information about the damage has been received, it shall be given to the appropriate department manager. The department manager, or his/her designee, shall investigate the property owner's allegations.

If the owner of damaged property informs a member of the Board, the information will be given to the General Manager. Directors should not independently investigate claims or make any representations to the property owner, but may go with staff to observe.

Investigations shall be done in a timely fashion and documented with a written report, including photographs and/or interviews, when appropriate. A copy of the report shall be submitted to the General Manager.

If the investigating staff person determines, based on credible evidence, that the damage was caused by District personnel, equipment, or infrastructure, he/she shall prepare a work order to have the damage repaired, subject to the following conditions:

- a) General Manager approves the work order;
 - b) Property owner agrees that the proposed repairs are appropriate and adequate;
 - c) Property owner agrees to allow District personnel access to their property to perform the repair work;
 - d) District personnel have the necessary tools, equipment, and expertise to perform the necessary work;
 - e) Repair work can be accomplished within a reasonable amount of time; and
- Cost of material for the repairs will not exceed five hundred dollars (\$500).

If the cost of material for repairs is stated by claimant or estimated by staff to exceed five hundred dollars (\$500), the owner will be asked to submit their claim in writing on a District claim form.

The General Manager shall review the damage claim and the proposed repair work within a reasonable amount of time. If he/she determines that the damage is the District's responsibility and that the

proposed repair work is appropriate, he/she may authorize the work if the cost of material for the repairs will not exceed three thousand dollars (\$3,000).

If the cost of material for repairs is stated by claimant or estimated to exceed three thousand dollars (\$3,000), the claim will be submitted to the Board of Directors for its consideration. The Board will consider the claim during a closed session ["anticipated litigation"] of a regular or special meeting. Action to accept or reject the claim may be taken in open or closed session. The claimant shall be notified of the Board's action regarding their claim. Notification that a claim has been rejected shall be made in accordance with the Government Claims Act (Government Code §810, et seq.) and shall be accompanied by proof of service.

The Board will not consider a claim of an amount in excess of the \$500 deductible for personal injury and property damage liability coverage-general, and \$1000 deductible for personal and property damage liability coverage-auto, \$1000 per occurrence for property damage losses only, including the cost of investigation, without prior written approval of the District's insurer.

Claims in excess of the District's insurance deductible shall be forwarded to the insurer, and the claimant shall be advised of this action.

Claims for personal injury/wrongful death shall not be investigated by District staff or directors but shall be immediately forwarded to the District's insurer.

1025.2 Property (Vehicles and Unsecured Property) Damage Claims

All claims of damage to vehicles, or other unsecured property, shall be submitted to the General Manager. He/she shall review the damage claim and the requested restitution. If he/she determines that the damage is the District's responsibility, he/she may authorize repairs or reimbursement of expenses to an amount not to exceed three thousand dollars (\$3,000).

The claim will be processed as described above if the cost of material for repairs is estimated to exceed the applicable thresholds.

1025.3 Property Damage Claims on District Form

Except for damage to land and improvements estimated to cost less than five hundred dollars (\$500), all damage claims must be submitted in writing on a District claim form. This will ensure that a claim is valid and protect important rights of the District.

If an individual does not wish to file a claim on the District form, he/she may present the claim by letter if it conforms to Section 910 and Section 910.2, of the California Government Code. Section 910 specifies that a claim needs to show all of the following:

- a) The name and post office address of the claimant;
- b) The post office address to which the person presenting the claim desires notices to be sent;
- c) The date, place, and other circumstances of the occurrence or transaction which gave rise to the claim asserted;
- d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known as the time of presentation of the claim;
- e) The name or names of the public employee or employees causing the injury, damage, or loss, if known; and

- f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

Section 910.2 of the California Government Code specifies the following:

The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

If the filed letter/claim does not meet the requirements of the California Government Code Section 910 and Section 910.2, then a letter shall be sent to the claimant informing them of this fact.

District staff shall provide no assistance to the claimant in filling out the claim form. Claimant must fill out the claim form in its entirety and submit it via mail, fax or personal delivery to the District office. Upon receipt, office staff shall date-stamp the document.
