

CAMBRIA COMMUNITY SERVICES DISTRICT FUND BALANCE CASH RESERVE POLICY

PURPOSE

Cambria Community Services District provides public service through three independent financial funds:

- the General Fund,
- the Water Fund, and
- the Wastewater Fund.

Essential components of a prudent fiscal policy for the District include formal provisions for managing cash reserve policies and managing rate volatility. This policy is to allow the District to weather economic uncertainty and unexpected situations such as natural disasters, to provide sufficient cash flow to avoid the need for short-term borrowing, and to provide financial resources to minimize the impact on rates of significant capital projects. This policy establishes the appropriate level of reserves which the District will try to maintain in the General Fund, Water Fund and Wastewater Fund balances; how the target fund balances will be funded; and the conditions under which fund balances can be used.

For purposes of this Policy, the definition of “reserves” is limited to the portion of fund balance that is unreserved. Unreserved is to mean not set aside for existing legal obligations of the District.

AMOUNTS HELD IN RESERVE

General Fund Cash Balance. The District will strive to hold the amounts listed below in the General Fund Cash Balance. The amounts will be expressed as a percentage of the District’s annual operating expenditures of the General Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

- Budget Stabilization Reserve 10-15% to provide for economic uncertainty where revenues are interrupted or otherwise insufficient to offset operating expenditures and to provide for known or unknown future obligations.
- Liability Contingency and Emergency Disaster Reserve 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.

Water Fund Cash Balance. The District will strive to hold the amounts listed below in the Water Fund Cash Balance. The Budget Stabilization, Liability Contingency/Emergency Disaster and Working Capital Reserves will be expressed as a percentage of the annual operating expenditures of the Water Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

The Rate Stabilization Reserve will be expressed as a fixed amount based on the projected costs of expected impacts that will be mitigated with these funds.

- Budget Stabilization Reserve: 10-15% for economic uncertainty where revenues are interrupted or otherwise insufficient to offset operating expenditures and to provide for known or unknown future obligations.
- Liability Contingency and Emergency Disaster Reserve 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.
- Rate Stabilization Reserve: To help minimize the impact of potentially significant rate increases necessitated by the need to fund future planned capital improvement projects.

Wastewater Fund Cash Balance. The District will strive to hold the amounts listed below in the Wastewater Fund Cash Balance. The Budget Stabilization, Liability Contingency/Emergency Disaster and Working Capital Reserves will be expressed as a percentage of the annual operating expenditures of the Wastewater Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

The Rate Stabilization Reserve will be expressed as a fixed amount based on the projected costs of expected impacts that will be mitigated with these funds.

- Budget Stabilization Reserve: 10-15% for economic uncertainty where revenues are interrupted or otherwise insufficient to offset operating expenditures and to provide for known or unknown future obligations.
- Liability Contingency and Emergency Disaster Reserve 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.
- Rate Stabilization Reserve: To help minimize the impact of potentially significant rate increases necessitated by the need to fund future planned capital improvement projects.

FUNDING TARGET FUND CASH BALANCES

General Fund. Funding of General Fund cash balance targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- GASB 45 unfunded post-employment benefits other than pensions (retiree health-care)

Water Fund. Funding of Water Fund Budget Stabilization, Liability Contingency/Emergency Disaster, and Working Capital Reserve targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- Rate Stabilization Reserves

The funding for Water Fund Rate Stabilization Reserves will come from Connection Fee Revenues and specifically designated fees included as part of the normal operating fees charged each bi-monthly billing period.

Wastewater Fund. Funding of Wastewater Fund Budget Stabilization, Liability Contingency/Emergency Disaster, and Working Capital Reserve targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- Rate Stabilization Reserves

The funding for Wastewater Fund Rate Stabilization Reserves will come from Connection Fee Revenues and specifically designated fees included as part of the normal operating fees charged each bi-monthly billing period.

CONDITIONS FOR USE OF RESERVES

The use of Budget Stabilization and Emergency Disaster reserves shall be limited to unanticipated, non-recurring needs, or anticipated future obligations. These Cash Reserves shall not be used for normal or recurring annual operating expenditures. The use of these reserves shall require approval by a majority of the CCSD board of Directors.

The Working Capital Reserve will be used to fund normal or recurring annual operating expenditures in the General Fund when budgeted taxes have not yet been received during a fiscal year. They will be replenished when the taxes are received. The use of these reserves can be authorized by the General Manager.

Rate Stabilization Reserves will be used to minimize the impact to citizens of potentially significant rate increases due to necessary expenditures on capital projects. The use of these reserves shall require approval by a majority of the CCSD board of Directors.

The District General Manager is authorized to make recommendations to the District Board of Directors for use of reserves. Any recommendation shall be accompanied by a proposal for the replenishment of the reserves.

REVIEW

This policy should be reviewed on an annual basis and changed where deemed appropriate to reflect changes in the CCSD's operations. The Board of Directors may at any time make changes to this policy to reflect current CCSD operations.
