CAMBRIA COMMUNITY SERVICES DISTRICT

REGULAR MEETING

Thursday, September 26, 2013– 12:30 PM

VETERANS MEMORIAL BUILDING, 1000 MAIN ST., CAMBRIA, CA

AGENDA

This agenda is prepared and posted pursuant to Government Code Section 54954.2. By listing a topic on this agenda, the District's Board of Directors has expressed its intent to discuss and act on each item. In addition to any action identified in the summary description of each item, the action that may be taken by the Board of Directors shall include: a referral to staff with specific requests for information; continuance; specific direction to staff concerning the policy or mission of the item; discontinuance of consideration; authorization to enter into negotiations and execute agreements pertaining to the item; adoption or approval; and disapproval.

Copies of the staff reports or other documentation relating to each item of business referred to on the agenda are on file in the Office of the District Clerk, available for public inspection during District business hours. If requested, the agenda and supporting documents shall be made available in alternative formats to persons with a disability. The District Clerk will answer any questions regarding the agenda.

1. OPENING

- A. Call to Order
- B. Pledge of Allegiance
- C. Establishment of Quorum
- D. Report from Closed Session

2. SPECIAL REPORTS

- A. SHERIFF'S DEPARTMENT REPORT
- B. FIRE DEPARTMENT REPORT
(Estimated Time: 5 minutes)

3. ACKNOWLEDGMENTS/PRESENTATIONS

(Estimated Time: 15 minutes)

4. PUBLIC COMMENT

Members of the public may now address the Board on any item of interest within the jurisdiction of the Board but not on its agenda today. In compliance with the Brown Act, the Board cannot discuss or act on items not on the agenda. Each speaker has up to three minutes. Speaker slips (available at the entry) should be submitted to the District Clerk.

(Estimated Time: 20 minutes)

5. AGENDA REVIEW: ADDITIONS/DELETIONS AND PULLED CONSENT ITEMS

(Estimated Time: 5 minutes)

6. MANAGER'S AND BOARD REPORTS

- A. GENERAL MANAGER REPORT
- B. MEMBER AND COMMITTEE REPORTS
(Estimated Time: 10 minutes)

7. CONSENT AGENDA

All matters on the consent calendar are to be approved by one motion. If Directors wish to discuss a consent item other than simple clarifying questions, a request for removal may be made. Such items are pulled for separate discussion and action after the consent calendar as a whole is acted upon.

- A. Consideration to Approve Expenditures for August 2013
- B. Consideration to Approve Minutes of Board of Directors Regular Meeting August 22 2013 Special Meeting September 9 2013
- C. Consider Resolution 39 2013 Authorizing a Money Market Bank Account at Heritage Oaks Bank

(Estimated Time: 15 minutes)

8. HEARINGS AND APPEALS

(Estimated Time: 0 minutes)

9. REGULAR BUSINESS

- A. Discussion and Reconsideration of Extension of Intent to Serve Letters for 16 Multi Family EDUs Applicant Pacific Western Bank APN 024 191 062
- B. Discussion on the Status of Intent to Serve Letters Wait Lists and Update of the Existing Commitment List
- C. Consideration of An Agreement For Consultant Services with CDM Smith for Hydro geological Modeling of the Lower San Simeon Creek Aquifer to Support Development of the Long Term Water Supply Project

(Estimated Time: 60 minutes)

10. FUTURE AGENDA ITEM(S)

Requests from Board members to receive feedback, direct staff to prepare information, and/or request a formal agenda report be prepared and the item placed on a future agenda. No formal action can be taken except to direct staff to place a matter of business on a future agenda.

11. ADJOURN TO CLOSED SESSION

A. CONFERENCE WITH LABOR NEGOTIATORS

Pursuant to Government Code Section 54957 6
Agency Designated Representative District Counsel
Title Position of Unrepresented Employee General Manager

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **6. A.**

FROM: Jerry Gruber, General Manager

Meeting Date: September 26, 2013

Subject: MANAGER'S REPORT

Administration

- Listed below is my General Manager's Report for September 22, 2013 in addition to other activities that I am working on with the assistance and support of CCSD Ad hoc Committees, Staff, and District Counsel.
 - Staff has spent the majority of its time since the August 22, 2013 closely monitoring production well levels and monitoring well levels
 - Staff has spent a great deal of time since the September Board Meeting in preparation for 2 special Board Meeting.
 - Staff has spent a great deal of time since the September Board Meeting keeping the Board apprised of well levels
 - Staff continues to evaluate and work diligently on proposed short term water alternative solutions.
 - Staff has been able to operate the SR4 on a regular basis. Staff is working on interfacing the WBE monitoring well water level thru radio communication to turn off and on the SR4 well when the level of the WBE well rises above the three foot mark.
 - Staff has implemented fully and or in part 20 of the 22 Demand Management Measures that were identified as part of the Board approved Water Efficiency Plan produced by Maddaus Water Management.
 - Staff has completed training relating to conducting commercial audits for water efficiency purposes. Staff has started audit the highest 25 users for commercial lodging.
 - Staff continues to make major infrastructure repairs and improvements to areas identified as part of the CCTV process.
 - Please find attached the recent correspondence from the Ferguson Group dated September 18, 2013 regarding Government Shutdown and FY 2014 Appropriations, Water Resources Legislation (Corps of Engineers authorizations and funding), and TFG – Cambria Action Summary

I attended the following meetings and or community events on behalf of the CCSD since CCSD's last Board of Directors' Meeting on August 22, 2013.

- I met with the Water Alternatives Ad-Hoc Committee.

From: Mike Miller
Re: Update

Government Shutdown and FY 2014 Appropriations

- Legislation is pending in the House regarding a Continuing Resolution (CR) which would fund federal agencies for at least the first few months of FFY 2014 (Oct 13 – Sept 14). Congress has two weeks to pass legislation or the federal government will begin to shut down.
- House Republicans are attempting to tie the CR with defunding Obamacare.
- House Democrats want the CR to end sequester (many Republicans agree).
- Recent history suggests a one year CR with steady state funding will be enacted, however:
- The White House (OMB) sent a memorandum yesterday to federal agencies outlining procedures if Congress fails to pass a CR – an indication a shutdown is a real possibility.

Water Resources Legislation (Corps of Engineers authorizations and funding)

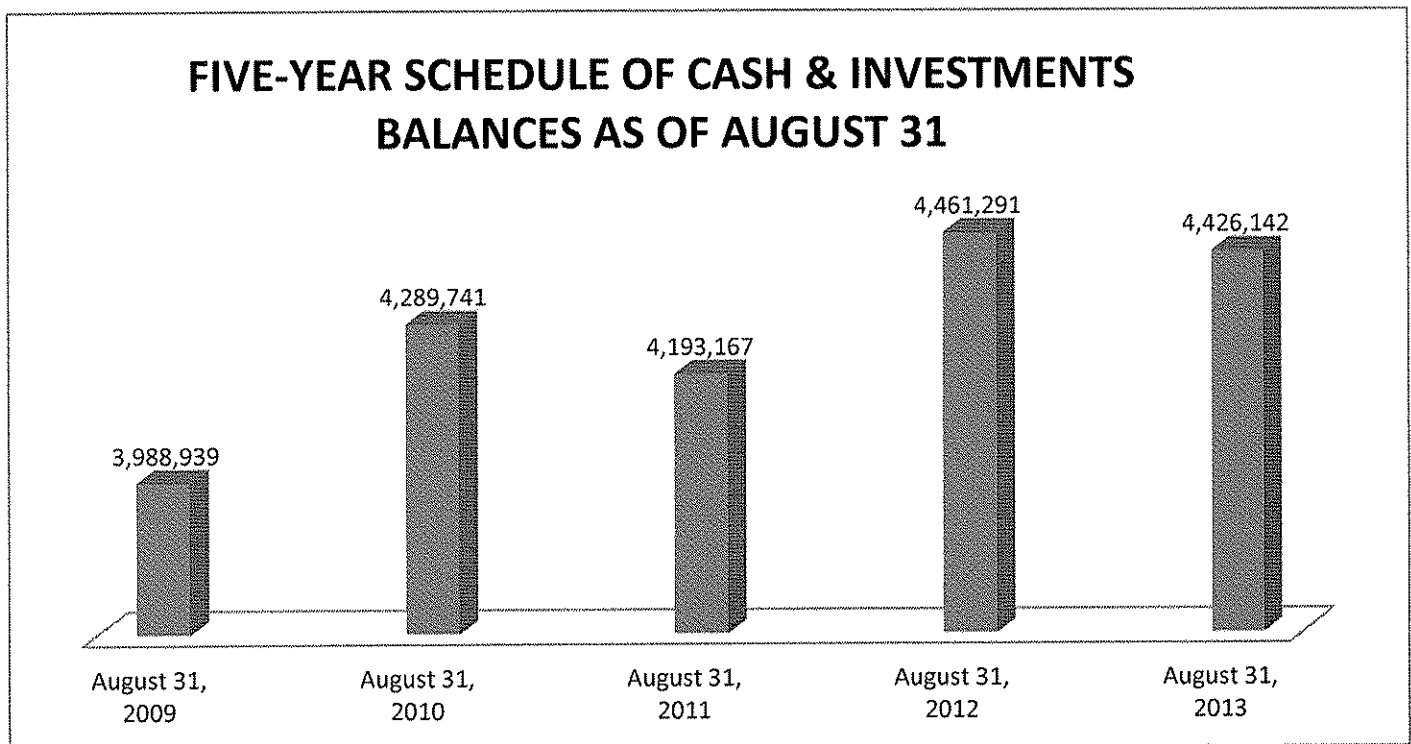

- The House Transportation and Infrastructure Committee (T&I) may soon meet to mark up the bipartisan Water Resources Reform and Development Act (WRRDA - H.R. 3080).
- The Senate passed its version (WRDA) this summer.
- The House bill authorizes 23 new lock, dam, flood protection and ecosystem restoration projects. It would also institute reforms to Corps of Engineers (COE) processes, including limiting the length of time and costs for studies.
- The bill directs COE to release an annual report identifying status of ongoing and completed studies, as well as recommending projects for congressional authorization (a work plan).
- New project authorizations in the bill would be offset by deauthorizing \$12 billion in existing COE projects that have not received funding in the past five years. This puts existing projects (including Cambria) at risk.

TFG – Cambria Action Summary

- Briefed congressional staff on Cambria status and provided draft WRRDA language to broaden water supply project authorization.
- Working with CCSD staff on WRRDA report language to focus COE/LA on Cambria project.

**BOARD OF DIRECTORS' MEETING SEPTEMBER 26, 2013
ADDENDUM TO GENERAL MANAGER'S REPORT
FIRE CHIEF'S REPORT**

Response information is attached and represents activities for the month of August 2013. Progress updates and highlights regarding the different programs and services our Department provides are identified below:

Prevention and Education (August 2013)

- **02** residential new and remodel fire plan reviews were completed.
- **06** residential and commercial technical fire inspections were conducted.
- **00** hydrant system flow test.
- **08** engine company commercial fire and life safety inspections were conducted.
- **03** public education event
- **03** residential smoke detectors were installed and or the batteries changed.

Meetings and Affiliations (August 2013)

Operations

Fire Department staff recently applied for a FEMA SAFER Grant to provide improved staffing and reduce overtime within the department. If successful, the grant would provide the Department with 3 full time Firefighter Paramedics for a period of 2 years. The total value of the grant would be roughly \$395,000 and would fund all wages and benefits for the personnel allowing the Department to operate with the NFPA standard crew of 4 firefighters. The Department minimum staffing level of 3 personnel would not change allowing for a savings in funds typically earmarked for overtime.

Fire Engineer Ryan Maloney recently attended the National Fire Academy (NFA) at the Federal Emergency Management Agency (FEMA) National Emergency Training Center (NETC) in Emmitsburg Maryland. He received advanced training in Fire Scene Investigation and while on campus was selected to serve on the September 11 Honor Guard. This was quite an honor for Ryan and the Cambria CSD Fire Department as the NFA hosts Firefighters and Fire Departments from around the world. Ryan represented the Department and our community very well.

Prevention

The Fire Department is currently working with SLO County Fire Department in developing a comprehensive Community Wildfire Protection Plan (CWPP). The initial framework for the countywide plan was grant funded by the San Luis Obispo Fire Safe Council and involved stakeholders from around the County. Annexes specific to each operational area (such as Cambria) are being developed locally by the individual agencies. The plan will provide a comprehensive view of the predicted fire behavior and firefighting resources throughout the San Luis Obispo County area. The plan will eventually be available on-line to use as a preplanning tool and informational resource. The existence of the CWPP will place the SLO County communities as "fire wise" and will open up opportunities for future grant funding for wildland fire mitigation.

BOARD OF DIRECTORS' MEETING – September 26, 2013
ADDENDUM TO GENERAL MANAGER'S REPORT FACILITIES AND RESOURCES
MANAGER'S REPORT

- Fiscalini Ranch:
 - Bluff Trail:
 - On August 27th and 28th the California Conservation Corp cleared back 4 feet of ice plant off of the trail. District Staff assisted the Corp with equipment (atv, dump trailer and tractor) and staff.
 - The CCC were hired by the Friends of the Fiscalini Ranch through a \$1,000 grant from the Cambria Tourism Board and \$400 from their own funds. The CCC donated an extra day of work.
 - When the two days were over 5 trailer loads of ice plant were hauled away. Another great example of multiple agency's working together!
 - Huntington Trail:
 - Several areas on this trail were filled in due to erosion.
 - Wetlands:
 - Staff has been working on repairing a fence that runs between the Bluff trail and the Marine Terrace trail. This fence will help funnel walkers away from sensitive wetlands areas and through designated trails.
- Administration Office:
 - Two offices were painted and carpets washed
- Retrofit West Public Restroom and Vet's hall:
 - Staff worked with Cortney Upthegrove in retrofitting the West Public Restroom and Vet's hall. New water efficient toilets, urinals, aerators and faucet fixtures were installed.
- Vet's Hall:
 - 46 events were held at Veterans Memorial Building since last Board Meeting. Among those events were: Pinedorado-Follies rehearsals, Pinedorado Celebration and American Legion Patriots Day.
 - Semiannual fire system test was conducted
- Pinedorado:
 - Staff assisted Lions Club with parking on East Fiscalini Ranch, Parking on Dog Park, Sunday Car show and miscellaneous event's at Vet's hall grounds.
- Facilities Yard:
 - Exterior Building:
 - Exterior of the building was painted.

Submitted by:
Carlos Mendoza
Facilities and Resources Supervisor/
Fiscalini Ranch Preserve Manager

**BOARD OF DIRECTORS' SEPTEMBER 26, 2013
ADMINISTRATIVE SERVICES OFFICER
ADDENDUM TO GENERAL MANAGER'S REPORT**

Human Resources:

We are preparing to hold interviews of the candidates for the Water Operator T3/D2 position. The Wastewater Operator position has been extended to operators who hold a Grade one (1) license and will close on 9/19.

Utility Bills:

Due to an error some utility bills were returned to the CCSD. The billing date has been extended for all customers to ensure a sufficient turnaround time for customers to remit their payments in a timely manner. The due date is now October 15, 2013.

Retrofit Point Bank:

As of 9/1/2013 we have handed out 807 showerheads and 832 aerators. Commercial customers have received 204 aerators and 346 showerheads. Residential customers have received 628 aerators, and 443 showerheads.

The retrofit point bank total at this time is **9543**.

Rebates:	6772
Retrofit upon resale:	<u>2771</u>
Total remaining points:	9543

Conservation:

Conservation meetings continue to be held weekly.

Following the recent purchase of a computer and the software necessary to conduct water audits for CCSD customers, training was scheduled. Senior Water Operator Justin Smith and Water Conservation Specialist Cortney Upthegrove participated in a training exercise with Michelle Maddaus on Tuesday, September 17, and Wednesday, September 18. Five (5) local businesses allowed CCSD staff and Michelle Maddaus to audit their properties. We greatly appreciate their volunteering their businesses to participate in the audit process. Cortney will be providing them with the results of the audit in approximately one (1) week. Staff will continue to work with the commercial community to schedule more businesses for audits as well as with residential customers for landscaping audits.

The Vet's Hall, Fire Department and Public Restrooms located on Cornwall have been completely retrofitted.

Public Outreach:

Staff with working on ordering the water conservation public outreach notices for commercial establishments.

Submitted by,
Monique Madrid
Administrative Services Officer

BOARD OF DIRECTORS' MEETING SEPTEMBER 26, 2013
ADDENDUM TO GENERAL MANAGER'S REPORT
UTILITIES MANAGER REPORT

Water Department:

- ❖ Staff has been operating well SR4 utilizing the new Opto 22 PLC program. Operators continues working closely with Alpha electric fine tuning and making necessary programming improvements to maximizing operational efficiency.
- ❖ Staff installing radio transmitter/antenna at the WBE monitoring well which will allow operators to receive and record real time level data. This will assist operators with SR4 well operation by decreasing down time associated with manually checking the level and operating SR4 Well.
- ❖ Installed new well pump VFD controller at SR4 well.
- ❖ Bob Wright construction finished new storage and equipment handling facility located at the WWTP.
- ❖ Staff repaired service lines located on Cornwall, Norwich, Main Street, and Croydon Ln.
- ❖ Dechance Construction installed a fire hydrant and repaired a water main leak located on Croydon Ln.
- ❖ To improve water conservation staff is closely monitoring and reviewing water meter usage and investigating any abnormal usage that may be caused by water leaks.
- ❖ Alpha electric replaced booster pump motor starters #1 & #2 located at the Stuart Street Tank. In addition, staff installed a new HMI pump controller and power fault recorder to improve overall operation efficiency.
- ❖ Cambria Community Service District has hired William Bellis with ATS INC to perform a dive inspection at both Stuart Street tanks and Fiscallini Tank.
- ❖ Staff met with the CA Department of Public Health to review water system sanitary survey report and perform field investigation.
- ❖ Contacted J.R. Environmental to discuss analyzer calibration preventive maintenance program.
- ❖ Scheduled ATS Inc to perform internal tank inspection for both Stuart street tanks.

Wastewater Department:

- ❖ Dechance Construction repaired WWTP flow equalization bypass valve.
- ❖ Staff ordered and replaced 8 inch check valve and rotating assembly for influent pump #3.
- ❖ Staff installed new belt guards on all three influent pumps.
- ❖ Alpha electric installed new VFD for R.A.S. pump #2.
- ❖ Propipe Inc. completed the first 20% of the collection system CCTV/Hydro cleaning project. Staff currently working with terrain Inc project management on all repairs found as a result of that project.
- ❖ Dechance construction repaired sewer lines located in Fern and Strawberry Canyon.
- ❖ Buddy Campo finished improving sewer easement access located in East ranch, Fern Canyon, and Strawberry Canyon.
- ❖ In order to improve conservation efforts staff is installing a new membrane filtration system on the Biosolids dewatering unit. This will allow us to use wastewater effluent (non-potable water) instead of potable water.
- ❖ Completed annual laboratory certification ELAP inspection.
- ❖ Staff repaired 4 inch flow meter for non-potable well 9P7.
- ❖ Staff installed new air relief valve (ARV) on the main effluent line located within the sprayfield.

Administrative:

- ❖ Continue on-going weekly meetings with both Water and Wastewater supervisors.
- ❖ Attended meeting with CA SWRCB.

Mike Finnigan
Utilities Manager

**BOARD OF DIRECTORS' MEETING – SEPTEMBER 26, 2013
ADDENDUM TO GENERAL MANAGER'S REPORT
DISTRICT ENGINEER'S REPORT**

The following table summarizes activities from August 22, 2013 to September 19, 2013. A summary discussion on well levels also follows.

Item No.	Description	Activities/Project Status
1	Assistance to water & wastewater operations.	<p>Submitted draft master agreement with Terrain consulting (Paul Reichardt) to legal counsel for review. The intent of this agreement is to allow for issuance of specific task order authorizations for miscellaneous consulting assistance. Initial task orders would include assessing the recent Phase I CCTV sewer inspection work to develop follow up repair recommendations. A second initial task order would be issued to provide management and inspection of lateral repairs, which were found to have separated from a main line sewer located below Avon Creek behind Orlando Drive. These lateral connection repairs are needed before the onset of the rainy season to avoid wet periods when the creek flows, and to eliminate them as a source of infiltration and inflow into the sanitary sewer system and treatment plant.</p> <p>Met with SWRCB staff in Sacramento on September 11, 2013 to review the 2011 calendar year sanitary sewer overflows and provided follow up information to legal counsel.</p> <p>Assisted in analysis of well SR-4 operation, which allowed for its operation when levels in the Windsor Bridge monitoring wells are above a 3-foot minimum. Coordinated with Cleath-Harris Geologists in the completion of soil borings on 9/17/2013, which were used in developing supply options described in the 9/20/2013 special meeting staff report (3 A).</p> <p>Pending items include:</p> <p>Completing short term water supply options.</p> <p>Developing a request for quotation to incorporate water and sewer facilities into an updated GIS system.</p> <p>Developing a request for proposal for a wastewater treatment plant master plan.</p>
2	Sanitary sewer extension to well SR-4 treatment facility.	<p>Restarted design and appraisal efforts after receiving direction to not include a sodium bisulfite chemical feed system. Operations had requested this feature, and final design completion was subject to whether a related building and storage for this chemical would be acceptable to the school district.</p>
3	Rodeo Grounds Pump Station	Currently working on Coastal Development Permit

	Replacement and Stuart Street Tank 3.	applications to the County. Revised preliminary layout drawings were received from RBF on 7/19/2013.
4	Long-term water supply project	Held conference call with ACE and consulting project team to resolve the lack of Federal funding to more fully address hydro-geological questions on the brackish water alternative. Since no additional Federal funding is available, a separate contract is being proposed directly with CDM Smith for hydro-geological modeling, This contract, along with its proposed funding by the CCSD, is part of today's agenda discussion items. Executed contract with The Ferguson Group for advocacy assistance. Discussed project funding needs and the status of the Federal WRDA bill with Mike Miller of The Ferguson Group. A summary report by The Ferguson Group is part of today's General Manager's report.
5	Development and remodels	Seven remodel reviews were completed during this period.

The attached table shows the current Santa Rosa and San Simeon supply well levels as of September 16, 2013. As of this date, the San Simeon wells were at 2.84 feet above sea level, and the Santa Rosa well SR4 had not been read due to its operating period not matching that day's staffing schedule. However, on September 15, 2013, Well SR-4 was at 49.8 feet above sea level.

The attached production table shows that from January 2013 through August 2013, 449 acre-feet had been produced by the San Simeon well field, and 59 acre-feet had been produced by Santa Rosa well SR4. This results in a total production from both sources of 508 acre-feet. The January through August 2013 production total is close to what it was during 2007 for this same time of year. For discussion purposes, the total annual production was 748 acre-feet for 2007. In comparison, the most recent 2012 total annual production was 724.74 acre feet.

Attachments:

- Well Levels Summary as of September 16, 2013
- Annual Production through the month of August 2013
- Line plot of Santa Rosa well levels for 2013, up to September 15, 2013
- Plot showing statistical analysis of San Simeon well levels by month
- Line plots of San Simeon well levels by year, 1988 to September 16, 2013.
- Line plot of San Simeon well levels for historic minimum, average, and maximum.
- Line plot of San Simeon well levels for past five years

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **7.C.**

FROM: Jerry Gruber, General Manager
Alleyne LaBossiere, Finance Manager

Meeting Date: September 26, 2013 Subject: Consider Resolution 39-2013
Authorizing a Money Market Bank
Account at Heritage Oaks Bank

RECOMMENDATION:

Adopt Resolution 39-2013 authorizing the establishment of a CCSD money market bank account at Heritage Oaks Bank.

FISCAL IMPACT:

There are no costs associated with the opening of an account except for staff time. There is currently a projected savings of approximately \$3,000/year in bank fees.

DISCUSSION:

Currently, the CCSD fulfills all of its banking needs with accounts at Heritage Oaks Bank (HOB). In the past, virtually all fees had been waived by HOB. However, this will no longer be the case. It should be noted that these fees include the automated processing of payments received by the CCSD (and that HOB paid 50% of the cost of the equipment required for this process), which has resulted in reduced Staff time to process payments. By establishing a Money Market (MM) account and keeping a sufficient balance in it, the CCSD is expected to avoid incurring bank fees or at the least, significantly reducing them. The projected balance to be deposited in the MM account is \$500,000 although this balance would be affected by the balance held in the CCSD's regular checking account as well as any future changes affecting bank fees. If the MM account is established, HOB will pay the CCSD an "earnings" rate that is 15 basis points (.15%) over their published Public Entities Money Market Rate. This interest rate is currently 25 basis points (.25%), so at the present time, the CCSD would be earning 40 basis points (.40%) on the funds deposited in the MM account up to an amount equal to any bank charges. The interest rate will float based on HOB's prime rate. As a point of reference, Local Agency Investment Fund (LAIF) is currently paying a rate of .25%. The earnings rate will only be applied to offset any bank fees. The interest earned will first be applied to any remaining bank fees and any surplus would be paid to the CCSD.

The first priority of the CCSD's Investment Policy is Safety (of the principal). Currently, funds deposited in HOB are guaranteed up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). This is for all accounts combined. It is impossible to always keep the amount on deposit under the \$250,000 threshold, so some funds already are not guaranteed by the federal government. Opening the MM account would increase this exposure. However, California banks are required to collateralize public funds at an amount not less than 110% of the amount on deposit (Reference California Government Code Sections 53652 et seq.). HOB

is required to hold these funds (which are invested in either Municipal Bonds, Government Mortgage Backed Securities or Treasury Bills/Notes) for the sole purpose of redeeming the CCSD's funds on deposit for which the securities are held as long as the CCSD has funds on deposit with them in excess of \$250,000. A bank does not go bankrupt if it becomes insolvent, it is "liquidated." During this process, any securities held by a bank for collateralization cannot be used for any purpose other than to redeem the public entity's funds on deposit for which the securities are held. In other words, the securities are directly tied to the public entity's deposits. It should also be noted that the CCSD's funds held in its LAIF account are not FDIC insured, at least for the most part. The large majority of LAIF'S funds are invested in Treasury Bills/Notes. None is invested in stocks, derivatives or the like as LAIF'S Investment Policy has the same priorities as the CCSD's (Safety is the first priority).

Of course, even though no depositor lost any funds during the last few years when many banks were liquidated, it would be preferable to not have to not have funds on deposit with a bank that fails. HOB is currently has a 5-Star rating (Superior), which is the highest rating available. While this is not a guarantee of continued operations, it is as good of an indicator as is available. This rating is routinely reviewed by CCSD Staff.

The second priority of the CCSD's Investment Policy is Liquidity. The CCSD would be able to make up to six withdrawals from the MM account without penalty. As this account would not be used for day to day operations, this is expected to be more than sufficient for the CCSD's needs.

The third priority of the CCSD's Investment Policy is Return on Investment. As noted, this action would increase the CCSD's cash flow.

RESOLUTION 39-2013

A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE CAMBRIA COMMUNITY SERVICES DISTRICT
AUTHORIZING A MONEY MARKET BANKING ACCOUNT
AT HERITAGE OAKS BANK

WHEREAS, the Cambria Community Services District's Investment Policy's prime objectives are the safety of the CCSD's funds, liquidity of the principal and return on investment; and

WHEREAS, the establishment of a money market bank account is consistent with these priorities; and

WHEREAS, there will be a positive fiscal impact related to maintaining a money market bank account at Heritage Oaks Bank.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors for the Cambria Community Services District as follows:

1. A money market banking account is hereby authorized to be established at Heritage Oaks Bank.

PASSED AND ADOPTED THIS 26th DAY of SEPTEMBER, 2013.

Michael Thompson
President

ATTEST:

APPROVED AS TO FORM:

Kathy A. Choate
District Clerk

Timothy J. Carmel
District Counsel

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **9.A.**

FROM: Monique Madrid, Administrative Services Officer
Cortney Upthegrove, Administrative Tech III

Meeting Date: September 26, 2013 Subject: Discussion & Reconsideration of Extension of Intent to Serve Letters for 16 Multi-Family EDUs; Applicant Pacific Western Bank, APN 024.191.062

RECOMMENDATION:

It is recommended that the Board of Directors review, consider and approve the request from Pacific Western Bank for a one year time extension for Intent to Serve Letters for 16 Multi-Family EDUs, conditioned upon the applicant demonstrating significant project progress prior to November 25, 2014, in order to be eligible for any additional extension, and that the project shall be subject to meeting all of the current plumbing standards per CCSD Code Section 4.16.160(A).

FISCAL IMPACT:

Time extensions for Intent to Serve Letters are subject to payment of fees in accordance with the CCSD's Fee Schedule and are required to pay a \$400 deposit to cover the actual cost. We currently have a deposit on file for this property. At that time of connection the applicant will be subject to paying the connection fees which in are place at the time.

DISCUSSION:

During the August 22, 2013 Board meeting, Pacific Western Bank requested a three year time extension of their Intent to Serve Letter for 16 Multi-Family EDUs. The Board denied this request but invited the applicant to return when they had additional information. Pacific Western Bank is reapplying for a one year extension to provide time for the Bank to transfer ownership to a viable developer. The property is currently in escrow and a one year extension will allow the buyer sufficient time to apply for and obtain the necessary permits and begin work on the project.

Based upon the circumstances set forth in the letter from the Applicant's counsel, a copy of which is attached, staff is recommending that the Board of Directors grant a 12-month extension. It is also recommended that the Board impose conditions that the Applicant provide proof of significant project progress prior to the November 25, 2014 expiration date in order to be eligible for any additional extension. Additionally, the project shall be subject to meeting all of the current CCSD Code requirements, including new plumbing standards. Failure to meet these conditions would result in expiration of the Intent to Serve Letter resulting in the return of the Intent to Serve Letter for 16 Multi Family EDUs to the Multi-Family Residential Wait List, pursuant to CCSD Code Section 8.04.080(E)(1) and (F).

If approved, this extension of the Intent to Serve Letter would be valid through November 25, 2014.

Board of Directors
Cambria Community Services District
Post Office Box 65
Cambria, CA 93428

Subject: Request for Extension of Intent to Serve Letter
APN's: 024-191-062, 063 (formerly 024-191-060)
Cambria, California

Dear Honorable President and Board Members:

This application is from Pacific Western Bank, a California state-chartered bank, to extend the intent to serve letter for an additional period of one year. As a result of the discussion by your Board on the Bank's previous request for a three-year extension, the Bank is resubmitting this application reducing the request from three years to one year.

The original request was for three years in the conformance with Section 8.04.080 of the Cambria Community Services District Code which allows a time extension of up to three years.

As result of that meeting, the Bank now understands that the District does not want to grant extensions that do not involve property actively pursuing a use permit for the development of the property.

In accordance with that discussion, the Bank is now requesting a one-year extension to provide ample time for the Bank to transfer ownership of the property to a viable developer who will submit an application for a building permit during that period of time. The Bank currently has the property in escrow with a local developer who requires the District's approval of the extension before he will close on the property. It is our understanding that if we meet those milestones during that one-year period that the District would be in a position to extend the permit for the full three-year period allowed under the District's Code.

Board of Directors
Cambria Community Services District
Request for Extension of Intent to Serve Letter
APN's: 024-191-062, 063
September 4, 2013

One further point, the pending permit application has been revived and is ready to go to hearing before the County's Subdivision Review Board.

We will be present at your September meeting to discuss this proposal in more detail. The developer will also be present to answer any questions you may have of him.

We look forward to working with your Board to allow the proposed development on this property to become a physical reality.

If you have any questions, or require additional information, regarding this revised requests, please contact me directly.

Thank you for your consideration.

Sincerely,

Marshall E. Ochylski,
Principal Attorney

CAMBRIA COMMUNITY SERVICES DISTRICT

REQUEST TO HAVE AN ITEM PLACED ON THE BOARD AGENDA

Name of Requestor: Pacific Western Bank Telephone No. 805-540-3892

Service Address: 024-191-062 (Green St. + Lombard St.) Telephone No. _____

Mailing Address: 1322 Madonna Rd., San Luis Obispo, CA 93405 FAX No. 805-788-0523

E-mail address: pwhite@pacificwesternbank.com

1. Please state the subject of your item (if this involves property please provide description).

Request for extensions of intent to serve on APN: 024-191-062

2. Is the result of a request that has been denied at District Staff level?

Board denied previous request on 8/22/13

3. Describe why this item should be placed on an agenda and how this item relates to services provided by the CCSD.

Request to extend will serve must be approved by Board.

4. Is a time factor involved? If so, please explain.

yes, current intent to serve expires 11/25/13.

Disposition of the request:

Approved for agenda (Note: All information pertinent to this item must be available to staff two weeks in advance of the scheduled date.

Disapproved

By: _____ Date: _____

Note: Any additional information required for this item to be considered must be available to staff's satisfaction two weeks in advance of the scheduled date.

SETTLEMENT AGREEMENT AND MUTUAL RELEASE

This Settlement Agreement and Mutual Release ("Agreement") is made and entered into November 17, 2008 by and between the **Cambria Community Services District** ("District"), a Political Subdivision of the State of California and **San Luis Trust Bank, FSB** ("Bank"), a Federal Savings Bank, based on the following facts and circumstances (**District and Bank** are hereinafter collectively referred to as "**Parties**" and each of them may be singularly referred to as a "**Party**"):

RECITALS

A. On September 1, 2005, District issued an Intent to Provide Water and Sewer Service letter ("Intent to Serve Letter") for certain real property commonly known as a portion of Assessors Parcel Number 024-191-060 located within the District's boundaries and as more particularly described in Exhibit "A" attached hereto and incorporated herein by this reference ("Green/Londonderry Property"). The Intent to Serve Letter was to be used solely for the development of multi-family housing and by its own terms expires on November 25, 2008; and

B. On or about October 14, 2008, Bank's predecessor in interest of the Green/Londonderry Property, United States Bankruptcy Trustee, Jerry Namba, and the Bank, as a secured creditor with a secured beneficial interest in the Green/Londonderry Property, jointly filed a timely application for an extension of the Intent to Serve Letter; and

C. On October 31, 2008, Bank became the owner of the Green/Londonderry Property; and

D. Disputes have arisen between the Parties who wish to avoid unnecessary delay, expense and the uncertainties resulting from litigation over the Intent to Serve Letter and the currently pending application for an extension of the Intent to Serve Letter. The Parties, therefore, have agreed to settle and resolve issues related to the Intent to Serve Letter and the pending application for an extension of the Intent to Serve Letter, as set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual promises contained herein, and in order to resolve all disputes arising from or in connection with the relationship between District and Bank and for other good and valuable consideration, receipt of which is hereby acknowledged, it is agreed as follows:

[1]

1. District hereby agrees to extend for all Bank owned real property the intent to serve entitlements for a period of five (5) years, expiring on November 25, 2013 and to immediately re-issue a multi-family Intent to Serve Letter to provide for service to up to sixteen (16) dwelling units. The Intent to Serve Letter shall be used solely for the development of multi-family housing on the Green/Londonderry Property (the "Project").

2. Bank shall, within thirty (30) days of the date of this Agreement, transfer in fee to the District or its designee, ten (10) legal lots and all water entitlements designated for these lots, located on MacLeod Way, Cambria (the "MacLeod Property") as more particularly described in Exhibit "B" attached hereto and incorporated herein by this reference. The MacLeod Property shall be transferred to District free and clear of all liens and encumbrances, except current real property taxes and assessments which shall be paid by Bank and prorated as of the date of transfer.

3. District agrees that should, after the execution of this Agreement, Bank merge any legal lot within the Green/Londonderry Property with any other subsequently acquired contiguous legal lot within Assessor's Parcel Number 024-191-060, as currently configured and depicted in Exhibit A-1 attached hereto, then at the request of the Bank the multi-family Intent to Serve Letter shall be re-issued to provide water and sewer service for a total of eighteen (18) dwelling units. This re-issued letter shall expire on the same date and shall be subject to the same requirements as the Intent to Serve Letter issued pursuant to paragraph 1 of this Agreement.

4. The Parties agree that the Bank shall use reasonable diligence in processing the Project and that the Bank shall, commencing May 26, 2009, submit semi-annual reports to the District setting forth the status of the Project. Commencing November 26, 2011, should the District Board find, based on substantial evidence, that the Bank has not used reasonable diligence in processing the Project, it may, after notice and an opportunity for Bank to be heard and present evidence, revoke the Intent to Serve Letter.

5. Waiver. This Agreement is a full, mutual and general release and constitutes a full and final accord and satisfaction, extending to all claims of any nature that may exist between Bank, on the one hand, and District, on the other hand, whether known or unknown, suspected or anticipated by them to exist in their favor and regardless of whether any unknown, unsuspected or unanticipated claim would materially affect settlement and compromise of each of the matters mentioned herein. The Parties to this Agreement hereby expressly, voluntarily and knowingly waive, relinquish and abandon each and every right, protection and benefit to which they would be entitled now or at any time hereafter under Section 1542 of the Civil Code of California, which provides as follows:

[2]

"A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor."

6. Final Settlement. In making this voluntary express waiver of the protection of Section 1542 of the Civil Code of California, the Parties to this Agreement acknowledge that they may discover claims or facts in addition to or different from those which they know or believe to exist with respect to the matters mentioned herein. It is their intention to fully and forever settle and release any and all of such matters, claims and disputes, whether known or unknown, suspected or unsuspected, anticipated or unanticipated, incident to such intention between the Parties. This Agreement is and shall remain a full and complete general release notwithstanding the discovery or existence of any such additional or different claims or facts.

7. No Assignment. The Parties represent and warrant that they have not heretofore collectively or individually assigned, transferred, or hypothecated or purported to have assigned or transferred or hypothecated or will in the future assign, transfer or hypothecate to anyone any debt, judgment, claim, liability, demand, action, cause of action, or any interest therein, based upon or arising out of or pertaining to or concerning or connected with any matter, fact, event circumstance, or thing released herein.

8. No Admissions. Each Party acknowledges that this Agreement effects the settlement of claims which are denied by the Parties, and that nothing contained herein shall be construed as an admission of liability by or on behalf of either Party by whom liability is expressly denied. Neither this Agreement nor any of its terms shall be admissible in any proceeding brought by anyone not a party to this Agreement, as an admission of fact or law or in any proceeding between the Parties except in any proceeding to interpret or enforce its terms.

9. Authorization. To further the interest of the Parties to this Agreement, each Party warrants that it has the power to settle and release fully and completely all claims causes of action, demands, charges, and liabilities against the other Party to this Agreement. Each signatory signing this Agreement on behalf of a Party warrants that he or she is duly authorized and empowered to sign this Agreement on that Party's behalf.

10. No Inducement. The Parties declare and represent that no promises, inducements, or agreements not expressly contained herein were made, that this

[3]

Agreement contains the entire agreement between the Parties, and that the terms of this Agreement are contractual and not recitals only.

11. Binding Effect. The provisions of this Agreement will be binding upon and inure to the benefit of the heirs, executors, administrators, personal representatives, predecessors-in-interest, successors-in-interest and assigns of the respective Parties hereto. The Parties, on the other hand, agree to forever refrain and forebear from commencing, instituting or prosecuting any such arbitration, action or other proceeding against one another based on, arising out of, or in connection with any claim, debt, liability, demand, obligation, cost, expense, action or cause of action that is released and discharged by reason of this Agreement.

12. Further Document. The Parties agree to sign all papers and to execute and deliver such additional documents as are required to effectuate each of the terms of this Agreement.

13. Representation. The Parties represent and acknowledge that they have conferred with and are represented by counsel of their own selection with respect to this Agreement and all matters covered by it. Each Party represents that it has been fully advised by counsel with respect to all rights which are affected by this Agreement.

14. No Modification. This document sets forth the entire Agreement between the Parties and may not be altered, amended or modified in any respect, except by writing duly executed by the Party to be charged. All earlier understandings and oral agreements are expressly superseded and are of no further force and effect.

15. Attorney's Fees. Each Party shall bear their attorney's fees and costs with respect to the preparation and enforcement of this Agreement.

16. California Law. This Agreement shall be governed by the laws of the State of California. In the event that any provision of this Agreement is held to be ineffective or invalid, the remaining provisions will nevertheless be given full force and effect.

17. Construction. This Agreement shall be construed without regard to who drafted same, and shall be construed as though all Parties hereto participated equally in the drafting of the Agreement.

18. Counterparts. For the convenience of the Parties, this Agreement, consisting of nine (9) pages, may be executed in counterparts, which shall together constitute the Agreement of the Parties as one and the same document.

[4]

19. Specific Enforcement. This Agreement shall be specifically enforceable.
20. Recitals. The Recitals set forth above are incorporated herein by this reference.
21. This Agreement shall become effective on November 26, 2008.

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **7.C.**

FROM: Monique Madrid, Administrative Services Officer
Cortney Upthegrove, Administrative Tech III

Meeting Date: August 22, 2013

Subject: Consider Extension of Intent
to Serve Letter for Pacific Western Bank,
Applicant, APNs 024.191.062

RECOMMENDATION:

Staff recommends that the Board of Directors approve a 36-month extension of a 16 EDU Multi-Family Residential Intent to Serve Letter for Pacific Western Bank APNs 024.191.062 with the conditions that there be significant progress or completion of the project prior to November 25, 2016 in order to be eligible for an additional extension, and that the project shall be subject to meeting all of the current plumbing standards per CCSD Code Section 4.16.160(A).

FISCAL IMPACT: Time extensions for Intent to Serve Letters are subject to paying fees in accordance with the CCSD’s Fee Schedule and are required to pay a \$400 deposit to cover the actual cost.

DISCUSSION:

Pursuant to CCSD Code Section 8.04.080(E)(3), the extension of an Intent to Serve letter for more than three (3) EDU’s is to be approved by the Board of Directors. Multi-Family Residential project extensions are valid for up to a 36-month period. That Section also provides that “...The board of directors shall have full discretion to approve or disapprove the request for extension on all other projects and, if granted, shall be subject to any conditions, which the board may impose.”

CCSD Code Section 8.04.080(E)(3) also requires that applications for an extension of a Multi-Family Residential intent to serve letter have an application accepted by the County for processing of a minor use permit or development plan, if applicable, and an active application for a building permit. In addition any extension of an Intent to Serve letter shall be subject to payment of fees in accordance with the CCSD Fee Schedule, which requires a \$400.00 deposit.

This Intent letter was originally issued in 1997. The CCSD Board of Directors has approved eight prior extensions from 1999 until present. The most recent extension was issued in 2008 via special agreement and allowed for a five year extension period. As set forth in the attached letter from the Applicant, they are requesting a hardship waiver of the requirements in Section 8.04.080(E)(3), based upon the history of the property, and other factors relating to the real estate market and their efforts to sell the property for development. Section 8.04.080(E)(4) permits the Board to grant such hardship waivers “...upon a showing by the applicant that the time extension is necessary and the failure to comply with the requirements of subsection [8.04.080](#) E(3) is the result of circumstances outside of its control, including but not limited to financial hardship, foreclosure of the property and acquisition by a lender, or any similar facts and circumstances.” The applicant has also submitted additional documents in support of their request relating to their efforts to develop the property. Those documents total approximately 335 pages and have been provided to the Board under separate cover. A copy of the additional documents is also available for public review in the District Clerk’s Office.

Based upon the circumstances set forth in the Applicant’s letter, Staff is recommending that the Board of Directors grant a 36-month extension, and impose conditions that there be significant progress or completion of the project prior to November 25, 2016 in order to be eligible for an additional extension and that the project shall be subject to meeting all of the current plumbing standards per CCSD Code Section 4.16.160(A). Failure to meet these conditions could result in revocation of the Intent to Serve

letter and return of the 16 EDUs to the Multi-Family Residential Wait List pursuant to CCSD Code Section 8.04.080(E)(1) and (F).

If approved, this extension of the Intent to Serve letter would be valid through November 25, 2016.

CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Board of Directors

AGENDA NO. **9.B.**

FROM: Monique Madrid, Administrative Service Officer
Cortney Upthegrove, Administrative Technician III

Meeting Date: September 26, 2013 Subject: Discussion on the Status of Intent to Serve Letters, Wait Lists, and Update of the Existing Commitment List

RECOMMENDATIONS:

Staff recommends that the Board of Directors discuss, receive and file this status report on Intent to Serve Letters, Wait Lists and the updated Existing Commitments List.

FISCAL IMPACT:

None.

DISCUSSION:

CCSD Code Section 8.04.030(C) requires staff to update the Existing Commitments List to reflect changes authorized by Chapter 8.04. The Existing Commitment List was last updated in December 2012. The following updated information regarding the Existing Commitment List, Intent to Serve Letters, and the Single Family Residential, Multi Family Residential, Commercial, and Affordable Housing Project Wait Lists is respectfully submitted.

Intent to Serve Letters (Pipeline Projects):

Designation of Property	Total Number	EDUs
Single Family Residential *:	5	
Multi Family Residential:	2	
Commercial:	3	19.67
Affordable Housing:	1	34.00
Total Outstanding Intent to Serve Letters:**	11	

*One ITS letter has been connected and is currently being billed. The ITS for Habitat for Humanity which was for 2 EDUs has been returned to the Affordable Housing Waitlist.

** Only 9 will become future connections; 2 already have utility accounts

Water & Sewer Waitlists:

Designation of Property	Number of Positions	EDUs
Affordable Housing *:	63	
Commercial:	10	89.91
Multi Family Residential:	11	
Single Family Residential:	666	
Total Waitlist Positions:	689	

*The original ITS for PSHH has been modified from 40 EDUs to 33 EDUs. 7 EDUs have been returned to the Affordable Housing Waitlist.

Existing Commitment List Update:

CCSD Municipal Code Section 8.04.030 Section A provides for the following categories of existing commitments:

1. Active Service Commitments (Exhibit D): Consists of active water & sewer uses, and service accounts with EDUs assigned.
2. Non-Active Service Commitments: (Exhibit B): Consists of parcels with what the district has determined have pre-existing (grandfathered) commitments for service, but which do not have active service uses. Non-Active service commitments are subject to minimum bi-monthly billing to maintain their status.
3. Park/Landscape/Irrigation Commitments: Consists of water meters installed on a parcel for park irrigation, landscape or agriculture irrigation or stock watering purposes only.

The active service commitment list Exhibit “D” has increased by 4 accounts since this information was last provided to the Board from the October 31, 2012 billing summary. These four accounts consist of the following:

- 1) One (1) Intent to Serve letter connected APN 023.049.022.
- 2) Three (3) internal accounts for CCSD lift stations.

Number of Accounts Added from 2012-2013

July/August 2013 Number of Accounts	4032
September/October 2012 Number of Accounts-Last Reporting	4028
Sub-Total Added Accounts	4
Internal Accounts (For CCSD Use)	(3)
Total Customer Accounts Added as of August 31, 2013	1

In addition, CCSD Municipal Code Section 8.04.010 defines “existing commitments” as follows:

" 'Existing commitments' means service commitments made to district customers, including active service commitments, non-active service commitments (commonly known as "grandfathers"), and parks/landscape/irrigation commitments, as established by Section 8.04.030. The table of existing commitments in Exhibit B of the ordinance codified in this chapter inventories non-active service commitments and parks/landscape/irrigation commitments"

Staff has updated the Existing Commitment List be in accordance with the authority in CCSD Municipal Code Section 8.04.030(C). The last time the list was updated was December 20, 2012 (See attached Exhibit "B" December 20, 2012 list with Strikeouts and Proposed Changes). The updated list dated September 26, 2013 is being presented to the Board of Directors and contains the following changes:

- The current list has increased by one commitment due to restoring a position that was inadvertently removed. In March 2005, APN 013.122.005 was incorrectly removed from the Existing Commitment List. This account is a grandfathered "water only" meter and has been added to Exhibit B, non active service commitments.
- Thirty One (31) existing commitments remain on the current list. (This number excludes the Park/Landscaped/Irrigation Commitments.)

Other changes made to the current list have resulted from ownership changes of billing accounts, and assessor's parcel number changes.

- Present total count for current and future connections:

Current number of accounts:	4007
Future ITS connections:	9
SFR, MFR, & Commercial	
Wait List Positions/future connections:	689
Affordable Housing Waitlist	63

TOTAL: **4768**

Exclusions: CCSD internal accounts and existing commitments from list which already have utility accounts.

EXHIBIT D

Meter Designation definitions to Exhibit D to Resolution xx-2013

The attached list consists of the Cambria CSD Active Service Commitments. The column headings are as follows:

A.P.N. - Assessor's Parcel Number

Route & Service Number-Number assigned to billing accounts that is used internally for CCSD purposes

Meter Designation-Explains the type of usage that the utility account is being billed for

Meter Designation Codes:

1 = Single Family Residential Accounts (SFR)

2 = Multi Family Residential Accounts (MFR)

IN = Internal CCSD accounts, and meters that are special agreement meters

CL = Commercial Lodging Accounts

CW = Commercial Accounts

VR = Properties registered as a vacation rental, combination of SFR, and MFR

CAMBRIA COMMUNITY SERVICES CCSD

TO: Board of Directors

AGENDA NO. 9.C.

FROM: Bob Gresens, District Engineer

Meeting Date: September 26, 2013 Subject: Consideration of An Agreement for Consultant Services with CDM Smith for Hydro-geological Modeling of the Lower San Simeon Creek Aquifer to Support Development of the Long-Term Water Supply Project

RECOMMENDATION:

Staff recommends approval of an Agreement for Consultant Services with CDM Smith for geo-hydrological modeling of the lower San Simeon Creek aquifer.

FISCAL IMPACT:

The estimated cost is \$78,139, which will be allocated to the Water Department. Based on fiscal year 2012/2013 results and fiscal year 2013/2014's projected activity, Water Fund reserves of \$18,017 are projected. During fiscal year 2013/2014, Staff will work to identify cost savings and/or surplus Revenue to fund this project. If these funding sources are not sufficient to fund the project, any excess cost would be funded by General Fund Reserves by way of a loan to the Water Fund. Terms of any loan from the General Fund would require repayment by the Water Fund as soon as it has the ability to repay the loan.

DISCUSSION:

CDM Smith is a well-established consultant with principal fields of expertise in water, wastewater, and transportation. Mr. Bruce Corwin, a Vice President at the firm's Sacramento office, will serve as project manager on the hydro-geological modeling. Mr. Michael Smith will serve as the project's geologist. District staff is recommending an Agreement for Consultant Services with CDM Smith to model the lower San Simeon Creek aquifer to further support the EIS/EIR being completed by the Army Corps of Engineers on the District's Long-Term Water Supply project. During discussions with the project team, it became apparent that such geo-hydrological modeling would better answer questions and concerns on avoiding potential impacts to the nearby creek and lagoon areas, particularly as they may relate to the brackish water alternative. Because there are no federal funds available for such an effort, a direct agreement with the CCSD was proposed as the most expeditious means to allow continued progress to be made on the project's EIS/EIR. This issue and need was also discussed with the Water Alternatives Ad-Hoc Committee on September 16, 2013, which recommended bringing it forward for the full Board's consideration and approval.

AGREEMENT FOR CONSULTANT SERVICES

This AGREEMENT FOR CONSULTANT SERVICES (“Agreement”) is made and effective as of September 30, 2013, between CDM Smith (“Consultant”), and the **CAMBRIA COMMUNITY SERVICES DISTRICT**, a political corporation of the State of California (“District”). In consideration of the mutual covenants and conditions set forth herein, the parties agree as follows:

1. **TERM**

This Agreement shall commence on September 30, 2013 and shall remain and continue in effect until January 15, 2013, unless sooner terminated pursuant to the provisions of this Agreement.

2. **SERVICES**

Consultant shall perform the tasks described and comply with all terms and provisions set forth in Exhibit “A”, attached hereto and incorporated herein by this reference.

3. **PERFORMANCE**

Consultant shall at all times faithfully, competently and to the best of his/her ability, experience and talent, perform all tasks described herein. Consultant shall employ, at a minimum generally accepted standards and practices utilized by persons engaged in providing similar services as are required of Consultant hereunder in meeting its obligations under this Agreement.

4. **AGREEMENT ADMINISTRATION**

District’s District Engineer, Bob Gresens, shall represent District in all matters pertaining to the administration of this Agreement. Bruce Corwin shall represent Consultant in all matters pertaining to the administration of this Agreement.

5. **PAYMENT**

The District agrees to pay the Consultant in accordance with the payment rates and terms set forth in Exhibit “B”, attached hereto and incorporated herein by this reference.

6. **SUSPENSION OR TERMINATION OF AGREEMENT WITHOUT CAUSE**

(a) The District may at any time, for any reason, with or without cause, suspend or terminate this Agreement, or any portion hereof, by serving upon the Consultant at least ten (10) days prior written notice. Upon receipt of said notice, the Consultant shall immediately cease all work under this Agreement, unless the notice

provides otherwise. If the District suspends or terminates a portion of this Agreement such suspension or termination shall not make void or invalidate the remainder of this Agreement.

(b) In the event this Agreement is terminated pursuant to this Section, the District shall pay to Consultant the actual value of the work performed up to the time of termination, provided that the work performed is of value to the District. Upon termination of the Agreement pursuant to this Section, the Consultant will submit an invoice to the District pursuant to Section 5.

7. **TERMINATION ON OCCURRENCE OF STATED EVENTS**

This Agreement shall terminate automatically on the occurrence of any of the following events:

- (a) Bankruptcy or insolvency of any party;
- (b) Sale of Consultant's business; or
- (c) Assignment of this Agreement by Consultant without the consent of District.
- (d) End of the Agreement term specified in Section 1.

8. **DEFAULT OF CONSULTANT**

(a) The Consultant's failure to comply with the provisions of this Agreement shall constitute a default. In the event that Consultant is in default for cause under the terms of this Agreement, District shall have no obligation or duty to continue compensating Consultant for any work performed after the date of default and can terminate this Agreement immediately by written notice to the Consultant. If such failure by the Consultant to make progress in the performance of work hereunder arises out of causes beyond the Consultant's control, and without fault or negligence of the Consultant, it shall not be considered a default.

(b) If the District Manager or his/her delegate determines that the Consultant is in default in the performance of any of the terms or conditions of this Agreement, he/she shall cause to be served upon the Consultant a written notice of the default. The Consultant shall have ten (10) days after service upon it of said notice in which to cure the default by rendering a satisfactory performance. In the event that the Consultant fails to cure its default within such period of time, the District shall have the right, notwithstanding any other provision of this Agreement to terminate this Agreement without further notice and without prejudice to any other remedy to which it may be entitled at law, in equity or under this Agreement.

9. **LAWS TO BE OBSERVED.** Consultant shall:

(a) Procure all permits and licenses, pay all charges and fees, and give all notices which may be necessary and incidental to the due and lawful prosecution of the services to be performed by Consultant under this Agreement;

(b) Keep itself fully informed of all existing and proposed federal, state and local laws, ordinances, regulations, orders, and decrees which may affect those engaged or employed under this Agreement, any materials used in Consultant's performance under this Agreement, or the conduct of the services under this Agreement;

(c) At all times observe and comply with, and cause all of its employees to observe and comply with all of said laws, ordinances, regulations, orders, and decrees mentioned above;

(d) Immediately report to the District's General Manager in writing any discrepancy or inconsistency it discovers in said laws, ordinances, regulations, orders, and decrees mentioned above in relation to any plans, drawings, specifications, or provisions of this Agreement.

(e) The District, and its officers, agents and employees, shall not be liable at law or in equity occasioned by failure of the Consultant to comply with this Section.

10. **OWNERSHIP OF DOCUMENTS**

(a) Consultant shall maintain complete and accurate records with respect to sales, costs, expenses, receipts, and other such information required by District that relate to the performance of services under this Agreement. Consultant shall maintain adequate records of services provided in sufficient detail to permit an evaluation of services. All such records shall be maintained in accordance with generally accepted accounting principles and shall be clearly identified and readily accessible. Consultant shall provide free access to the representatives of District or its designees at reasonable times to such books and records; shall give District the right to examine and audit said books and records; shall permit District to make transcripts therefrom as necessary; and shall allow inspection of all work, data, documents, proceedings, and activities related to this Agreement. Such records, together with supporting documents, shall be maintained for a period of three (3) years after receipt of final payment.

(b) Upon completion of, or in the event of termination or suspension of this Agreement, all original documents, designs, drawings, maps, models, computer files, surveys, notes, and other documents prepared in the course of providing the services to be performed pursuant to this Agreement shall become the sole property of the District and may be used, reused, or otherwise disposed of by the District without the permission of the Consultant. With respect to computer files, Consultant shall make available to the District, at the Consultant's office and upon reasonable written request by the District, the necessary computer software and hardware for purposes of accessing, compiling, transferring, and printing computer files.

11. **INDEMNIFICATION**

(a) Indemnification for Design Professional Services. Notwithstanding anything herein to the contrary, to the fullest extent permitted by law for all design professional services arising under this Agreement, Consultant shall indemnify, protect, defend and hold harmless District and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all losses, liabilities, damages, costs and expenses, including attorney's fees and costs which arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant.

12. **INSURANCE**

Consultant shall maintain prior to the beginning of and for the duration of this Agreement insurance coverage as specified in Exhibit "C" attached hereto and incorporated herein as though set forth in full.

13. **INDEPENDENT CONSULTANT**

(a) Consultant is and shall at all times remain as to the District a wholly independent Consultant. The personnel performing the services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Neither District nor any of its officers, employees, or agents shall have control over the conduct of Consultant or any of Consultant's officers, employees, or agents, except as set forth in this Agreement. Consultant shall not at any time or in any manner represent that it or any of its officers, employees, or agents are in any manner officers, employees, or agents of the District. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatever against District, or bind District in any manner.

(b) No employee benefits shall be available to Consultant in connection with performance of this Agreement. Except for the fees paid to Consultant as provided in the Agreement, District shall not pay salaries, wages, or other compensation to Consultant for performing services hereunder for District. District shall not be liable for compensation or indemnification to Consultant for injury or sickness arising out of performing services hereunder.

14. **UNDUE INFLUENCE**

Consultant declares and warrants that no undue influence or pressure was or is used against or in concert with any officer or employee of the Cambria Community Services District in connection with the award, terms or implementation of this

Agreement, including any method of coercion, confidential financial arrangement, or financial inducement. No officer or employee of the Cambria Community Services District will receive compensation, directly or indirectly, from Consultant, or from any officer, employee or agent of Consultant, in connection with the award of this Agreement or any work to be conducted as a result of this Agreement. Violation of this Section shall be a material breach of this Agreement entitling the District to any and all remedies at law or in equity.

15. **NO BENEFIT TO ARISE TO LOCAL EMPLOYEES**

No member, officer, or employee of District, or their designees or agents, and no public official who exercises authority over or responsibilities with respect to the project during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any agreement or sub-agreement, or the proceeds thereof, for work to be performed in connection with the project performed under this Agreement.

16. **RELEASE OF INFORMATION/CONFLICTS OF INTEREST**

(a) All information gained by Consultant in performance of this Agreement shall be considered confidential and shall not be released by Consultant without District's prior written authorization. Consultant, its officers, employees, agents, or subContractors, shall not without written authorization from the District Manager or unless requested by the District Counsel, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories, or other information concerning the work performed under this Agreement or relating to any project or property located within the District. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives District notice of such court order or subpoena.

(b) Consultant shall promptly notify District should Consultant, its officers, employees, agents, or subContractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions, or other discovery request, court order, or subpoena from any person or party regarding this Agreement and the work performed thereunder or with respect to any project or property located within the District. District retains the right, but has no obligation, to represent Consultant and/or be present at any deposition, hearing, or similar proceeding. Consultant agrees to cooperate fully with District and to provide the opportunity to review any response to discovery requests provided by Consultant. However, District's right to review any such response does not imply or mean the right by District to control, direct, or rewrite said response.

17. **NOTICES**

Any notice which either party may desire to give to the other party under this Agreement must be in writing and may be given either by (i) personal service, (ii) delivery by a reputable document delivery service, such as but not limited to, Federal Express, which provides a receipt showing date and time of delivery, or (iii) mailing in the United States Mail, certified mail, postage prepaid, return receipt requested, addressed to the address of the party as set forth below or at any other address as that party may later designate by notice:

To District: Jerry Gruber, General Manager
Cambria Community Services District
P.O. Box 65
Cambria, CA 93428

With a copy to: Timothy J, Carmel, District Counsel
Carmel & Naccasha, LLP
1410 Marsh St.
San Luis Obispo, CA 93401

To Consultant: Bruce J. Corwin, P.E.
CDM Smith, Inc.
2295 Gateway Oaks Drive, Suite 240
Sacramento, CA 95833

18. **ASSIGNMENT**

The Consultant shall not assign the performance of this Agreement, nor any part thereof, without the prior written consent of the District.

19. **GOVERNING LAW**

The District and Consultant understand and agree that the laws of the State of California shall govern the rights, obligations, duties, and liabilities of the parties to this Agreement and also govern the interpretation of this Agreement. Any litigation concerning this Agreement shall take place in the superior or federal district court with jurisdiction over the Cambria Community Services District.

20. **ENTIRE AGREEMENT**

This Agreement contains the entire understanding between the parties relating to the obligations of the parties described in this Agreement. All prior or contemporaneous agreements, understandings, representations, and statements, or written, are merged into this Agreement and shall be of no further force or effect. Each party is entering into this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material.

21. **TIME**

District and Consultant agree that time is of the essence in this Agreement.

22. **CONTENTS OF PROPOSAL**

Consultant is bound by the contents of the Proposal submitted by the Consultant, Exhibit "A", attached hereto and incorporated herein by this reference.

23. **CONSTRUCTION**

The parties agree that each has had an opportunity to have their counsel review this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this Agreement or any amendments or exhibits thereto. The captions of the sections are for convenience and reference only, and are not intended to be construed to define or limit the provisions to which they relate.

24. **AMENDMENTS**

Amendments to this Agreement shall be in writing and shall be made only with the mutual written consent of all of the parties to this Agreement.

25. **AUTHORITY TO EXECUTE THIS AGREEMENT**

The person or persons executing this Agreement on behalf of Consultant warrants and represents that he/she has the authority to execute this Agreement on behalf of the Consultant and has the authority to bind Consultant to the performance of its obligations hereunder.

[Signatures on following page]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

SCOPE OF WORK PROPOSAL

San Simeon Creek Road Brackish Water Alternative **Ground Water Modeling**

The following summarizes the recommended scope of work for preparing a groundwater model to address issues for the EIS underway for the Cambria water supply project. This is specifically focused on Alternative 5 identified by the Army Corps of Engineers as the San Simeon Creek Road Source Water. Based on discussion with the Army Corps EIS contractor, there is a requirement to quantify the timing and magnitude of impacts of the proposed operations on San Simeon Creek flows, and associated water levels in the adjacent creek and downstream lagoon areas. The proposed modeling effort will develop a preliminary model to assess project feasibility and quantify impacts to the hydrologic system. This preliminary model can serve as a basis for the more refined detailed design model.

Background Information

The area of interest includes the alluvial deposits of San Simeon Creek and portions of tributary valleys, which are located north of Cambria. The alluvial deposits extend about 3 to 5 miles inland from the ocean and consist of inter-bedded sands and finer grain lithologies. The alluvial deposits are thought to extend beneath the Pacific, and are bounded by low permeability bedrock. The thickness of the alluvium ranges from more than 100 feet near the ocean, thinning in the upstream direction. The aquifer receives most of its recharge from infiltration of stream flow during the rainy season. Cambria has a well field producing water from three wells in the San Simeon alluvium, and also applies treated effluent down-gradient of the well field to recharge the aquifer and limit salt water intrusion. The alternative that will be evaluated using this model is an alternative water supply concept that utilizes blended secondary effluent and deep brackish water to recharge the aquifer after its treatment. The recharge water would be used to control saltwater intrusion and to maintain a mound separating the recharged secondary effluent from the well field. Treated water injected up-gradient of the well field will provide additional available water during the dry season.

An extensive study was conducted by the U. S. Geological Survey and reported in Water-Resources Investigation Report (WRIR) 98-4061. This study included development of a comprehensive interpretation of the valley hydrogeology and water budget and development of a groundwater model to assess various water supply alternatives. The report includes extensive water level monitoring data and summarizes parameters that were developed during the model calibration. The model was developed using an experimental variable density code. The model and associated data sets are no longer available and cannot be located, based on discussions with the USGS, and the principal investigator, who is no longer with the USGS.

Scope of Work

The objective of this model development scope of work is to provide preliminary quantitative estimates of the impact of the project on basin water levels, the basin water budget, stream flows and viability of the fresh water lagoon near the mouth of San Simeon Creek. Important species including southcentral

ESU steelhead, the endangered tidewater goby and California red legged frog utilize the fresh water lagoon, and seasonal stream flows are important to support spawning in the creek. The model will also be used to assess hydrologic aspects of potential mitigation measures, if significant impacts to important resources are identified.

This proposed model is a preliminary effort that will require refinement for design purposes if Alternative Concept 5 is selected as the preferred alternative. This preliminary model will address groundwater flow, with limited evaluation of water quality. Rigorous treatment of the variable density flow would require a significant effort, so this preliminary modeling will treat the system as an equivalent fresh water system. This will need to be modified for variable density flow for design purposes. Since the impact on surface water resources (creek flow, fresh water lagoon impacts) is the primary concern for evaluation of project impacts, an appropriate computer code must be selected that will allow evaluation of surface water and groundwater interactions. The most suitable model for this purpose must be able to account for the impact of these interactions on stream discharge. Several variable density models were assessed, including FEFLOW and SEAWAT. Both of these codes handle variable density and can assess surface water interactions, however, they do not directly assess stream flow, without complex linkage to an independent surface water model. Due to this limitation, use of MODFLOW/MT3D is recommended. The SFR2 package available in MODFLOW explicitly simulates surface water flows, as impacted by groundwater gains and losses. This combination does not directly address variable density flow, however, this factor will be approximated using simulated concentrations as a surrogate. The SEAWAT model is based on MODFLOW/MT3D, but does not use the SFR2 package, but rather a simpler surface water interaction package that does not account for changes in surface water flow. SEAWAT will not directly calculate the stream depletion. Many of the files from MODFLOW/MT3D are compatible with SEAWAT, so conversion to this code in the future is facilitated. Since the previous model developed by the USGS is not available, a new model will be configured using information from the WRIR 98-4061, and recalibrated. The tasks to accomplish this and the assessment of the alternative are summarized below.

Task 1 – Project Planning

A conference call will be held with stakeholders including USACE and environmental AE to discuss specific requirements to support the environmental impact statement to focus the model development effort. A set of specific model objectives will be finalized on this call and reported back to the group. Requirements, including critical time periods for stream flow maintenance, minimum flows and other items will be discussed.

Task 2 – Data Compilation

Development of the model will be based on data published in the USGS report and information from the Cambria Community Services District and the San Luis Obispo County Flood Control and Water Conservation District. The USGS report contains information on the extent and thickness of alluvium and hydro-geologic characterization of the materials. In addition, they compiled information on water budget components, including estimates of stream flow, precipitation, recharge and pumping for the basin. None of the USGS information is available in a form amenable to preparation of modeling data sets, so this information will be digitized from figures in the report or entered from tables. The Cambria Community Services District maintains water level records, and water quality from selected wells in electronic format. They also have information on well production and percolation basin discharge rates.

This information will be obtained and compiled into the project database. Staff will coordinate with the District to determine what data are available and to obtain copies. The District shall provide CDM Smith with San Simeon Creek and Van Gordon Creek channel bottom elevations in the area of interest. These data will be incorporated into the model.

Task 3 – Model Configuration

The model will be configured using a grid independent approach in a graphical user interface (GUI) in order to facilitate model refinement during the calibration process and for future enhancements for design. The conceptual model will include definition of the model area, location of boundary conditions, well and percolation pond locations and stream locations and characteristics. Initial estimates of hydraulic properties will also be incorporated. A uniform rectangular computational grid will be developed using a preliminary estimate of 30 foot spacing. This can be easily modified during the calibration process, if necessary. Vertical layering will be configured to allow assessment of vertical flow components, since management of the brackish water recovery and assessment of migration of the percolated treated effluent is important to the project. We estimate that up to 10 vertical layers will be incorporated in the model. Once the model framework is configured, including incorporation of hydraulic properties and water budget components, the model will be tested and modified to obtain a stable numerical solution to begin the calibration process.

Task 4 – Model Calibration

Model calibration is the process where model parameters are varied, within their range of uncertainty, to improve the agreement between model simulated results and observed field data. The observed field data that will be used for this comparison will include primarily water level observations. The calibration will include both steady state average conditions and temporal variation in a transient model. The calibration process will use both heuristic methods and automated parameter estimation to obtain an acceptable calibration. We expect that information on stream flow will be limited, requiring incorporation of uncertainty analysis in evaluation of the streamflow impacts. After completion of the flow calibration, the transport model in MT3D will be configured and tested to verify operation. When the calibration is completed, a conference call with stakeholders will be held to summarize the calibration and to define specific simulations that are required for the impact assessment.

Task 5 – Analysis of Alternatives

Task 5 – Analysis of Alternatives

Two base alternatives are anticipated in this scope of work, the no action, which would continue conditions that currently exist, and Alternative Concept 5. A number of iterations will be required for the Alternative Concept 5 simulations to assess possible mitigation measures. Each alternative will be configured in the model and simulated across the range of climatic conditions used in the impact analysis to determine effects on stream flow, water levels, and the fresh water lagoon/marsh area. Differences between the no-action alternative and the simulated alternative will be used to define impacts. Incorporation of mitigating measures will be discussed with stakeholders after initial results are obtained. Sensitivity analysis runs will be conducted to assess the impact of minimal information on the surface water system and will be incorporated into the analysis.

Task 6 – Reporting (Deliverables)

A report summarizing the modeling activities, calibration and assessment of alternative impacts will be prepared for incorporation as an appendix in the environmental impact document. This report will be prepared in draft and final form after resolution of comments from stakeholders.

Task 7 – Project Management

This task will include management of schedule and budgets. Internal quality assurance reviews will also occur in this task. Coordination meetings with stakeholders during the project will occur under this task.

EXHIBIT B
PAYMENT SCHEDULE

Level of Effort Estimate

The estimated level of effort to complete this work is provided on a table, below. It is assumed that all meetings will be conducted by teleconference, with the exception of the on-site meeting with the District.

Task	Labor, h	Labor, \$	ODCs, \$	OPs, \$	Total, \$
Task 1 - Project Planning	12	2,737	137	-	2,874
Task 2 - Data Compilation	44	6,463	323	-	6,787
Task 3 - Model Configuration	64	11,776	589	-	12,365
Task 4 - Model Calibration	76	13,548	677	-	14,225
Task 5 - Analysis of Alternatives	60	11,487	574	-	12,062
Task 6 - Reporting	80	14,847	742	-	15,589
Task 7 - Project Management and Meetings	60	13,570	679	-	14,249
Total	396	74,428	3,721	-	78,149

Schedule

San Simeon Creek Basin-Ground Water Basin Modeling Project Schedule

	Task/Activity Name	Starts	Stops	Oct, 2013	Nov, 2013	Dec, 2013
1	Task 1 - Project Planning	1-Oct	7-Oct			
2	Task 2 - Data Compilation	1-Oct	21-Oct			
3	Task 3 - Model configuration	15-Oct	1-Nov			
4	Task 4 - Model Calibration	1-Nov	21-Nov			
5	Task 5 - Analysis of Alternatives	21-Nov	9-Dec			
6	Task 6 - Reporting	9-Dec	31-Dec			
7	Task 7 - Project management	1-Oct	31-Dec			

EXHIBIT C

INSURANCE REQUIREMENTS

Prior to the beginning of and throughout the duration of the Work, Consultant will maintain insurance in conformance with the requirements set forth below. Consultant will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth here, Consultant agrees to amend, supplement or endorse the existing coverage to do so. Consultant acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds available to District in excess of the limits and coverage required in this agreement and which is applicable to a given loss, will be available to District.

Consultant shall provide the following types and amounts of insurance:

Commercial General Liability Insurance using Insurance Services Office "Commercial General Liability" policy from CG 00 01 or the exact equivalent. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another. Limits are subject to review but in no event less than \$1,000,000 per occurrence.

Business Auto Coverage on ISO Business Auto Coverage from CA 00 01 including symbol 1 (Any Auto) or the exact equivalent. Limits are subject to review, but in no event to be less than \$1,000,000 per accident. If Consultant owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Consultant or Consultant's employees will use personal autos in any way on this project, Consultant shall provide evidence of personal auto liability coverage for each such person.

Workers Compensation on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000 per accident or disease.

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designated to protect against acts, errors or omissions of the Consultant and "Covered Professional Services" as designated in the policy must specifically include work performed under this agreement. The policy limit shall be no less than \$1,000,000 per claim and in the aggregate. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend. The policy retroactive date shall be on or before the effective date of this agreement.

General conditions pertaining to provision of insurance coverage by Consultant. Consultant and District agree to the following with respect to insurance provided by Consultant:

1. Consultant agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insureds District, its officials employees and agents, using standard ISO endorsement No. CG 2010. Consultant also agrees to require all Consultants, and subContractors to do likewise.

2. No liability insurance coverage provided to comply with this Agreement shall prohibit Consultant, or Consultant's employees, or agents, from waiving the right of subrogation prior to a loss. Consultant agrees to waive subrogation rights against District regardless of the applicability of any insurance proceeds, and to require all Consultants and subContractors to do likewise.

3. All insurance coverage and limits provided by Consultant and available or applicable to this agreement are intended to apply to the full extent of the policies. Nothing contained in this Agreement or any other agreement relating to the District or its operations limits the application of such insurance coverage.

4. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to District and approved of in writing.

5. No liability policy shall contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or of any Consultant or subcontractor.

6. All coverage types and limits required are subject to approval, modification and additional requirements by the District, as the need arises. Consultant shall not make any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect District's protection without District's prior written consent.

7. Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to Consultant's general liability policy, shall be delivered to District at or prior to the execution of this Agreement. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, District has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by District shall be charged to and promptly paid by Consultant or deducted from sums due Consultant, at District option.

8. Consultant will provide 30 days notice to District of any cancellation of coverage.

9. It is acknowledged by the parties of this agreement that all insurance coverage required to be provided by Consultant or any subContractor, is intended to apply first and on a primary, noncontributing basis in relation to any other insurance or self insurance available to District.

10. Consultant agrees to ensure that subContractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with subContractors and others engaged in the project will be submitted to District for review.

11. Consultant agrees not to self-insure or to use any self-insured retentions or deductibles on any portion of the insurance required herein and further agrees that it will not allow any Consultant, subContractor, Architect, Engineer or other entity or person in any way involved in the performance of work on the project contemplated by this agreement to self-insure its obligations to District. If Consultant's existing coverage includes a deductible or self-insured retention, the deductible or self-insured retention must be declared to the District. At the time the District shall review options with the Consultant, which may include reduction or elimination of the deductible or self-insured retention, substitution of other coverage, or other solutions.

12. The District reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the District will negotiate additional compensation proportional to the increase benefit to District.

13. For purposes of applying insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this Agreement.

14. Consultant acknowledges and agrees that any actual or alleged failure on the part of District to inform Consultant of non-compliance with any insurance requirements in no way imposes any additional obligations on District nor does it waive any rights hereunder in this or any other regard.

15. Consultant will renew the required coverage annually as long as District, or its employees or agents face an exposure from operations of any type pursuant to this agreement. This obligation applies whether or not the agreement is canceled or

terminated for any reason. Termination of this obligation is not effective until District executes a written statement to that effect.

16. Consultant shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Consultant's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to District within five days of the expiration of the coverages.

17. The provisions of any workers' compensation or similar act will not limit the obligations of Consultant under this agreement. Consultant expressly agrees not to use any statutory immunity defenses under such laws with respect to District, its employees, officials and agents.

18. Requirements of specific coverage features or limits contained in this section are not intended as limitations on coverage, limits or other requirements nor as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be limiting or all-inclusive.

19. These insurance requirements are intended to be separate and distinct from any other provision in this Agreement and are intended by the parties here to be interpreted as such.

20. The requirements in this Section supersede all other sections and provisions of this Agreement to the extent that any other section or provision conflicts with or impairs the provisions of this Section.

21. Consultant agrees to be responsible for ensuring that no contract used by any party involved in any way with the project reserves the right to charge District or Consultant for the cost of additional insurance coverage required by this agreement. Any such provisions are to be deleted with reference to District. It is not the intent of District to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against District for payment of premiums or other amounts with respect thereto.

22. Consultant agrees to provide immediate notice to District of any claim or loss against Consultant arising out of the work performed under this agreement. District assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve District.
