John

Per our conversation this morning on this topic, confirming that you may roll/carry the remaining IGA cost (after mobilization) into the implementation regardless of the number/value of the selected ECMs.

I and a couple others are on vacation so we can work to modify the IGA Work Order to clarify just as soon as we can get to it.

Please let me/us know if you have further questions or need anything else. John or Anthony will be around to help.

Final thought. If your counsel wants to send us a redline with recommended language. We could go that way.

John

I am adding Anthony from Southland and our program manager John Garnett.

I am heading on the road in a few minutes. We will get back to you before noon today.
