

Strategic Priority I

Objective

Strengthen Wildfire Preparedness, Evacuation Planning, Prevention Capacity, and Sustainable EMS Support

Supporting Actions:

1. Formalize and update community evacuation planning, including coordination with County and law enforcement partners, and conduct annual evacuation exercises.
2. Increase defensible space inspections and public preparedness outreach, including evacuation awareness and go-bag education initiatives.
3. Develop and present a plan for the re-establishment of a Fire Marshal and Clerical/Administrative Assistant position to oversee fire prevention, defensible space enforcement, inspection programs, documentation, and code compliance activities.
4. Evaluate long-term EMS and paramedic workforce sustainability, including staffing levels, service demand trends, and resource alignment necessary to maintain reliable Advanced Life Support (ALS) capability within the District.
