Este aviso contiene información muy importante sobre su agua potable. Para una copia en español, favor de llamar al sistema de agua (805) 927-6223.

Cambria Water Department September 12, 2025

BOIL WATER NOTICE

Boil Your Water Before Drinking or Food Preparation to Avoid Illness

Due to the recent water outage, which occurred on 9/12/2025, the State Water Resources Control Board, Division of Drinking Water, the San Luis Obispo County Health Department, and the Cambria Water System are advising residents of Cambria to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness. Please refer to the attached map. The red area indicates the affected Boil Notice Area, while the blue area and all other unmarked areas are unaffected.

We will inform you when tests show that water is safe to drink, and you no longer need to boil your water. We anticipate resolving the problem within 48 hours.

If you have questions about other uses of tap water, such as bathing and dish washing, please call your water system or read this guidance: https://waterboards.ca.gov/drinking_water/certlic/drinkingwater/documents/notices/cdc_wtd_bw_advisory.docx

Potable water will be available within the next two (2) hours at the following location: Cambria

Veterans' Memorial Hall, 1000 Main Street, Cambria, CA 93428.

Do not drink the water without boiling it first

- Boil all water for one (1) minute (rolling boil).
- Let water cool before drinking.
- Use boiled or bottled water for drinking, brushing teeth, and food preparation until further notice.
- Boiling water kills bacteria and other organisms in the water.

If you are unable to boil your water:

Household unscented liquid bleach

- For clear water, use 8 drops (1/8 tsp.) of bleach for 1 gallon of water. For cloudy water, filter through a clean cloth and use 16 drops (1/4 tsp.) of bleach for 1 gallon of water.
- Mix well. Allow to stand for 30 minutes before using.
- Water may taste or smell like chlorine. This means disinfection has occurred.

Water disinfection tablets

- Please follow the manufacturer's instructions.

For More Information

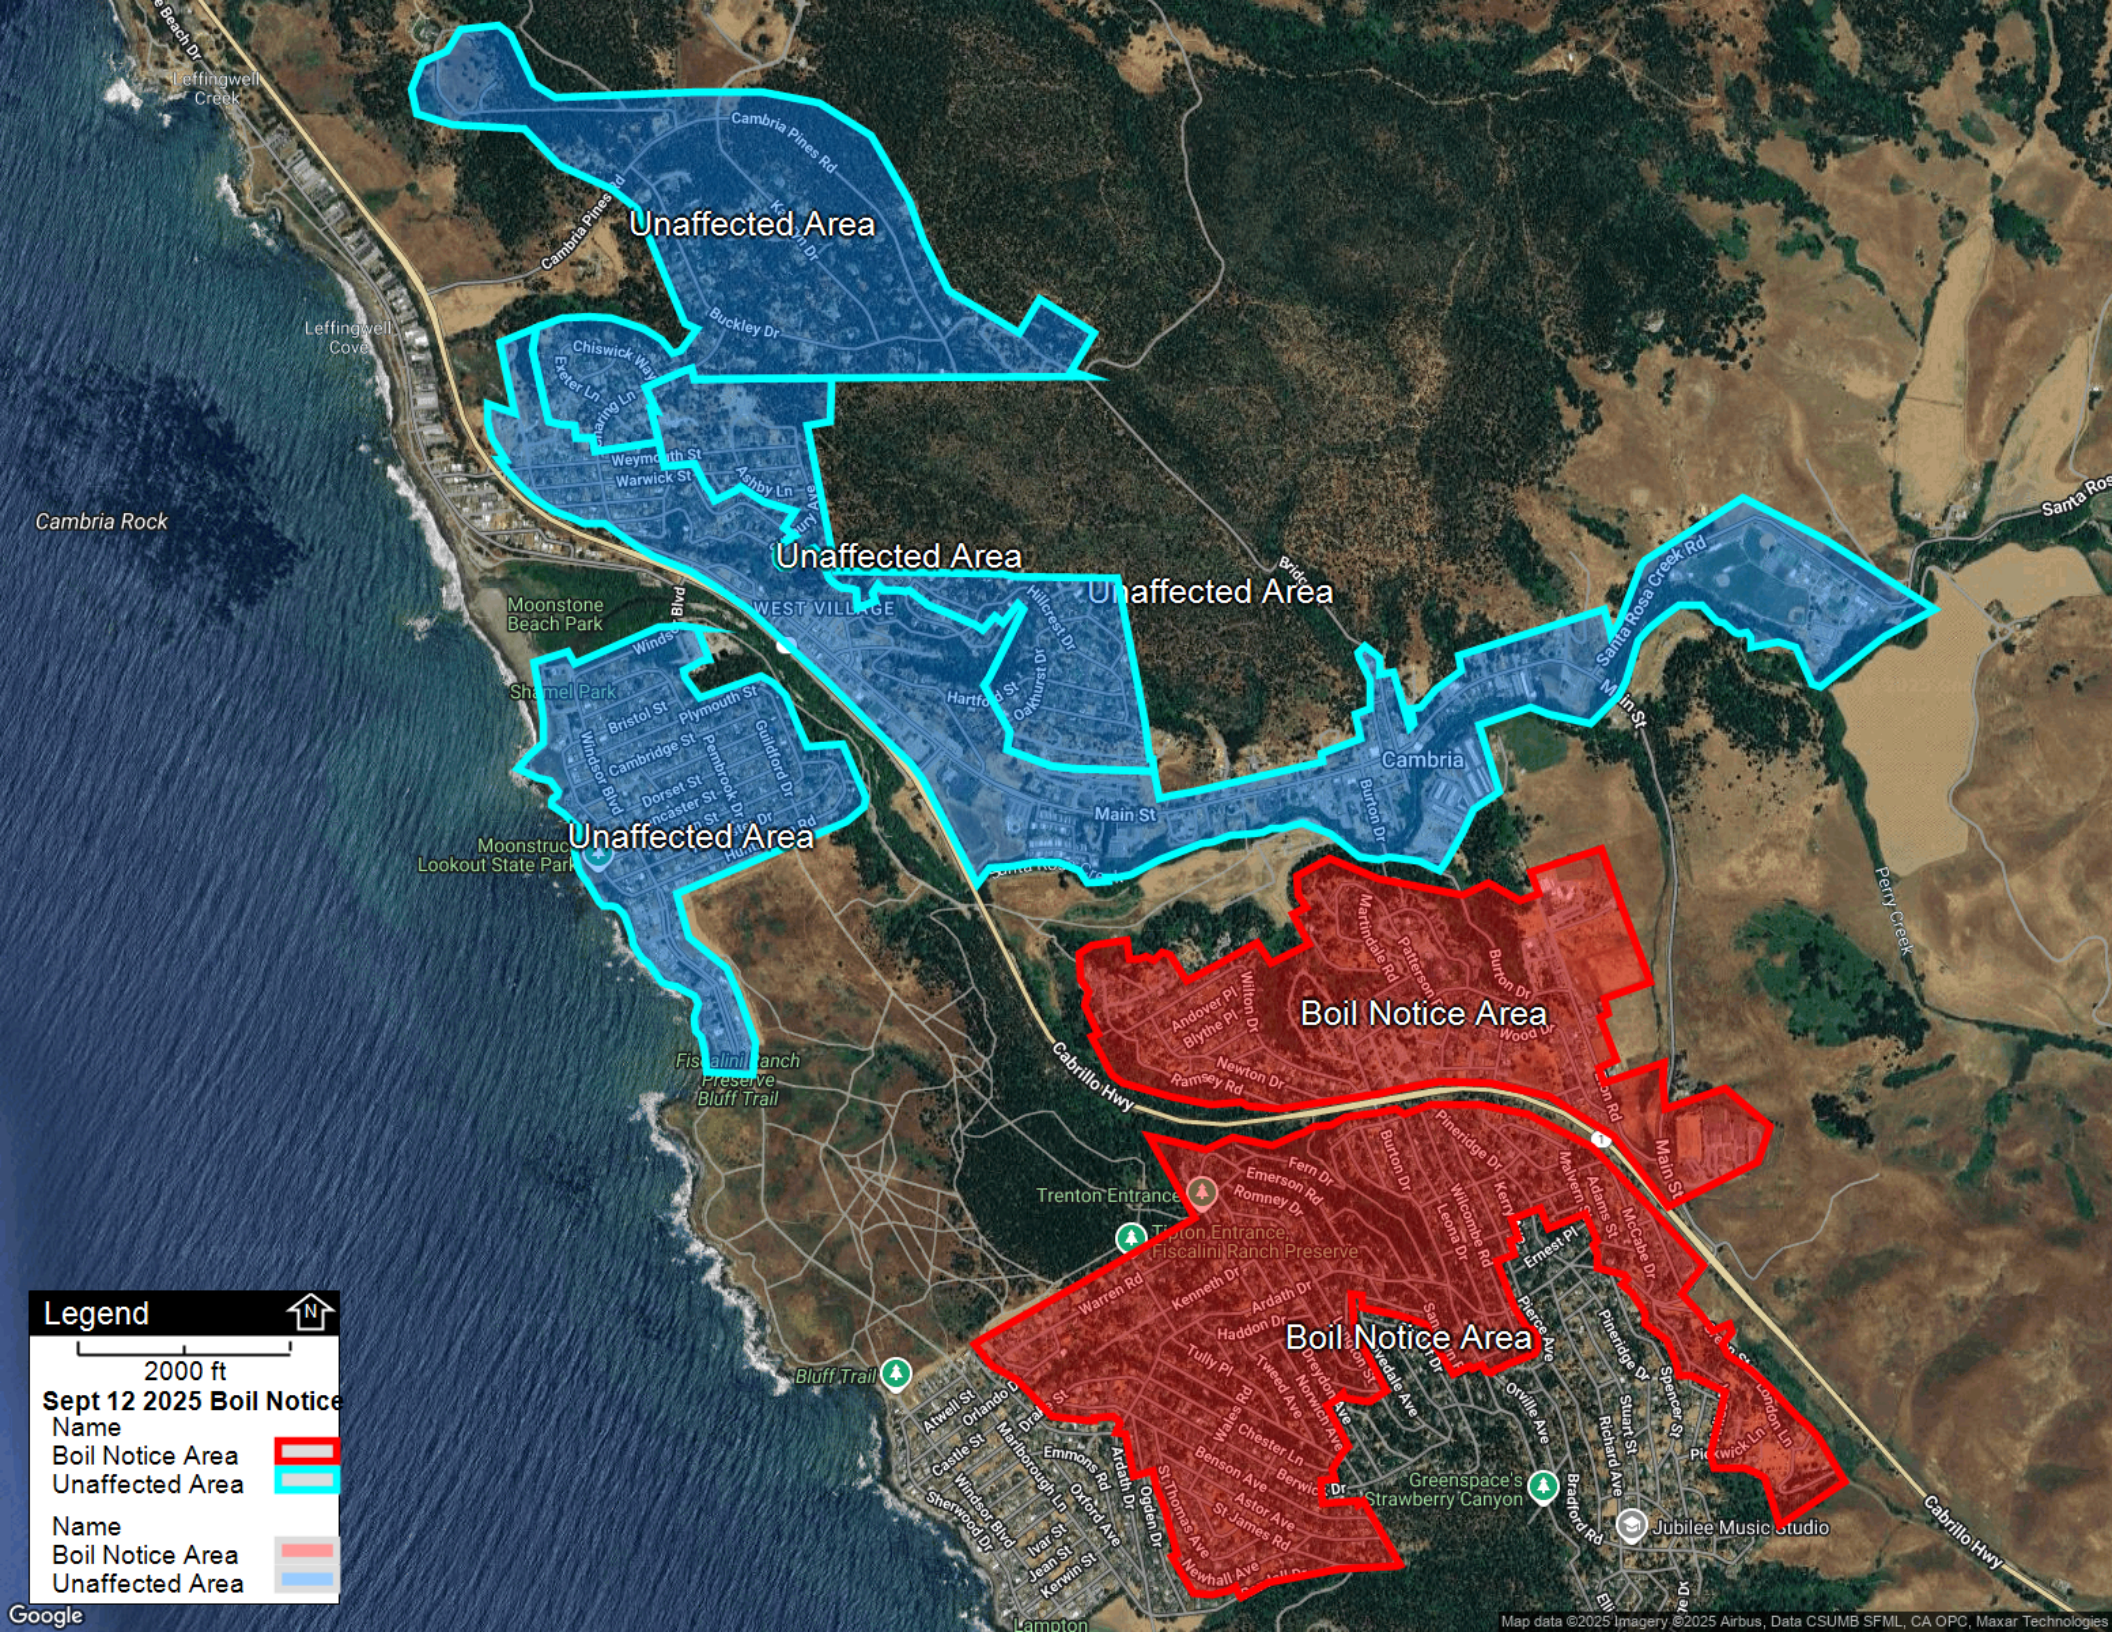

If you are concerned about your health or the health of a family member, contact your health care provider or the San Luis Obispo County Health Department.

Water Utility contact: Cody Meeks, Water Systems Superintendent, (805) 927-6227 2150 Main St. #1-A, Cambria, CA 93428

State Water Resources Control Board District Office: (805) 566-1326

Local Environmental Health Jurisdiction: San Luis Obispo County at (805) 781-5544

Please share or post this information with others who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
