Santa Cruz, CA 95060

Re: Violation NO. V-3-21-0105 dated April 19, 2022

Dear Ms. Oliver:

This letter is intended to follow up on our correspondence of May 20, 2022, in response to the above-referenced Notice of Violation ("NOV"). To date, we have not heard from your office as to our response or to schedule a meeting to discuss these issues further. Absent further discussion with your office, we are unable to produce the requested water extraction and resource protection plan. We believe an update to our 2015 Groundwater Management Plan will satisfy this requirement and intend to form a multi-agency steering committee to guide this effort. California Coastal Commission ("Commission") input will be invaluable to that process. In the meantime, we will continue to operate in compliance with all applicable District permits and licenses, including our Commission-issued Coastal Development Permit No. 132-18, as amended by permit No. 428-10.

In furtherance of our initial response to the NOV, the attached memorandum dated June 16, 2022, prepared by Todd Groundwater provides a technical analysis of some of the issues outlined in our May 20th letter.

We look forward to your reply and remain ready and willing to participate in a meeting to discuss these issues further.

Sincerely,

A handwritten signature in black ink, appearing to be "John F. Weigold, IV".

John F. Weigold, IV
General Manager

Cc: Bruce Gibson, San Luis Obispo County Supervisor (District 2)
Trevor Keith, San Luis Obispo County Director of Planning and Building
Eileen Sobock, SWRCB Executive Director
Matthew T. Keeling, Central Coast RWQCB Executive Director
