OPEN RECRUITMENT

WASTEWATER COLLECTION SYSTEM MAINTENANCE WORKER JOB ANNOUNCEMENT

Updated on 1/9/2020: The minimum qualifications of this position have been revised to allow candidates otherwise qualified, the ability to obtain a commercial driver's license within six (6) months from the date of hire. Please review the position description for the minimum required qualifications.

SALARY RANGE: \$46,533- \$56,561, annually

Final Filing Date: Open until filled. The district is looking to fill two positions.

The Cambria Community Services District, located on the beautiful central coast of California approximately five miles south of Hearst Castle and 15 miles north of Morro Bay, seeks qualified and highly motivated individuals with a strong work ethic to fill **two** full-time Wastewater Collection System Maintenance Worker positions. Please note the required qualifications of the position description have been changed to allow for the ability to obtain a commercial license after six (6) months.

The Cambria Community Services District serves a population of approximately 6500 and Cambria is considered one of the most desirable places to live in California. Within thirty minutes of San Luis Obispo and Paso Robles, Cambria offers a quality of life that provides unlimited outdoor amenities, rugged coastlines, rolling hills, clean air and a Mediterranean climate. Cambria offers excellent schools and a work environment that fosters teamwork, collaborative thinking and a sense of community.

The District shall provide the PERS 2% @ 60 retirement plan for covered employees who are "classic" members hired on or after October 1, 2012, including the 36 highest consecutive months' final compensation, and the employee shall pay one hundred percent (100%) of the employee paid member contribution, through a payroll deduction. As defined under the Public Employee Pension Reform Act (PEPRA), miscellaneous "non-classic" employees (aka new members) hired after January 1, 2013 shall be covered under the CalPERS 2% at 62 retirement benefit, including the 36 highest consecutive months' final compensation, and the employee shall pay one hundred percent (100%) of the employee paid member contribution, through a payroll deduction. Eligibility for other benefits provided to "non-classic employees" under this MOU through CalPERS (as stated above) shall be determined by the provisions of PEPRA for "non-classic employees" aka new members.

Under supervision of the Wastewater System Supervisor or Utilities Manager, the Collection System Maintenance Worker must perform a variety of duties including wastewater collection system cleaning and obstacle clearing work using a high pressure jet and other specialized equipment; repair and maintain electrical and mechanical equipment; investigate complaints concerning the wastewater

collection system; perform maintenance and repair of sewage collection system; operate vehicles, light and medium construction equipment; and to perform other duties as assigned or required. For the full position description, please visit <https://www.cambriacsd.org/employment-opportunities>.

KNOWLEDGE/SKILLS/ABILITIES:

KNOWLEDGE OF: Maintenance and repair methods related to the tasks stated under examples of duties.

ABILITY TO: Perform maintenance, repair and record keeping tasks indicated in examples of duties. Interpret technical manuals, drawings and specifications, including blueprints and schematics. Handle a variety of duties under general supervision. Apply common sense and understanding to carry out instructions given in oral, written or diagrammatic form. Learn and perform the required duties.

REQUIRED QUALIFICATIONS:

EXPERIENCE: Any combination of training, education and experience which demonstrates possession of the knowledge and abilities stated above and the ability to perform the duties of the position. A minimum of one-year experience in mechanical and electrical maintenance and repairs is required.

EDUCATION: High school graduate or G.E.D.

LICENSES:

1. Valid California Class A or B driver's license and maintain the ability to be insured, or the ability to obtain a California Class A or B driver's license within six (6) months from the date of hire.
2. Ability to obtain a Grade 2 Collection Maintenance Certification and have possession of the certificate within 2 years of hire date.

RESIDENCY REQUIREMENTS:

Must be able to respond to an emergency within 45 minutes from time notified of an emergency, in a safe manner.

HOW TO APPLY:

If you are interested in applying for this position, please visit <https://www.cambriacsd.org/employment-opportunities> for additional information. If the CCSD application is incomplete and proof of the required qualifications, residency requirements and licenses are not included, applicants will be disqualified. Candidates must submit proof of the required qualifications, residency requirements and licenses.

Applications may be submitted by mail or by email to hdodson@cambriacsd.org. Applications sent by email must have **Wastewater Collection System Maintenance Worker Application** in the subject line. Faxed applications will **not** be accepted.
