Subject: Fire protection committee -- questions re evacuation
Date: Monday, May 12, 2025 12:14:41 PM

The committee is doing good work to notify residents about safety and how to prepare to evacuate. An important factor seems to be overlooked: how to leave Cambria quickly.

What is the committee doing to ensure that evacuation routes are clear, available, and not blocked by bumper-to-bumper evacuees?

What is being done to create an alternate route to relieve congestion on Ardath eastbound to Highway 1?
