Copies of the staff reports or other documentation relating to each item of business referred to on the agenda are on file in the CCSD Administration Office, available for public inspection during District business hours. The agenda and agenda packets are also available on the CCSD website at https://www.cambriacsd.org/. In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting or if you need the agenda or other documents in the agenda packet provided in an alternative format, contact the Administrative Analyst at 805-927-6223 at least 48 hours before the meeting to ensure that reasonable arrangements can be made. The Administrative Analyst will answer any questions regarding the agenda.

- A. CALL TO ORDER
- B. ESTABLISH QUORUM
- C. CHAIRMAN'S REPORT

#### D. COMMITTEE MEMBER COMMUNICATIONS

Any Committee Member may make an announcement, report briefly on his or her activities, or ask a question for clarification.

#### 1. PUBLIC COMMENT

Members of the public may now address the Committee on any item of interest within the jurisdiction of the Committee but not on its agenda today. Future agenda items can be suggested at this time. In compliance with the Brown Act, the Committee cannot discuss or act on items not on the agenda. Each speaker has up to three minutes.

#### 2. CONSENT AGENDA

A. Consideration to Approve March 28, 2023 Regular Meeting Minutes

#### 3. REGULAR BUSINESS

- A. Review of Third Quarter Budget Report and Staff Recommendation
- B. Discussion of Report from Ad Hoc Subcommittee on Budget Policy Review
- C. Discussion of Report from Ad Hoc Subcommittee on Reserve Policy Review
- D. Discussion of Potential General Fund Revenue Enhancement, with Possible Ad Hoc Subcommittee Appointment

#### 4. FUTURE AGENDA ITEMS

#### 5. ADJOURN

#### FINANCE COMMITTEE

#### REGULAR MEETING

Tuesday, March 28, 2023 - 10:00 AM

#### **MINUTES**

#### A. CALL TO ORDER

Chairman Gray called the meeting to order at 10:00 a.m.

#### B. ESTABLISH QUORUM

A quorum was established.

Committee members present: Tom Gray (Chair), Cindy Steidel (Vice Chair), Karen Chrisman, Cheryl McDowell, David Pierson and Aimee Wyatt.

Staff present: Haley Dodson, Administrative Analyst; Carlos Mendoza, Manager, Facilities & Resources; Denise Fritz, Finance Manager.

Staff present via Zoom: Acting General Manager/Utilities Department Manager/District Engineer Ray Dienzo, Pamela Duffield, Administrative Department Manager.

#### C. CHAIRMAN'S REPORT

None.

#### D. COMMITTEE MEMBER COMMUNICATIONS

None.

#### 1. PUBLIC COMMENT

Public Comment on items not on the Agenda:

Linda Prentiss (submitted two written comments which were read into the record)

#### 2. CONSENT AGENDA

A. Consideration to Approve February 28, 2023 Regular Meeting Minutes

There were two small updates noted on the minutes: Changing "CCC" to CCSD on Agenda p. 4, and eliminating an unneeded "and" at the end of a sentence in item C on p. 5.

Vice Chair Steidel moved to approve the minutes.,

Committee member Wyatt seconded the motion.

The motion was approved: 5-Ayes, 0-Nays, 0-Absent

#### 3. **REGULAR BUSINESS**

A. Discussion and Consideration of Land and Water Conservation Fund Grant Application for Cambria Skatepark Project

(This item was taken up second in Regular Business, after Item B).

Public comment was received from:

Juli Amodei Linda Prentiss (written comment) Anonymous (written comment) Donn Howell Dick Clark Chelsie Foster

The Committee discussed whether to proceed in support of seeking grant funding, including raising the estimated costs for the project to a proposed \$1.2M that Staff felt was more reasonable for the project. An increase in project cost would also require CCSD to set aside a larger share of general funds in restricted reserves until this project is completed and grant funds are fully paid to the district for reimbursement.

During Committee discussion, Ms. Amodei and Mr. Clark affirmed that Skate Cambria will continue fundraising to minimize district liability and minimize the use of General Fund revenue, especially in case of potential construction cost overruns.

Committee member Pierson moved to recommend that the CCSD Board accept a proposed Amendment (Attachment 3A on the Agenda) to update the Memorandum of Understanding between the CCSD and the Cambria Community Foundation with the addition of language referencing the award of grant funding.

Vice Chair Seidel seconded the motion.

The motion was approved: 5-Ayes, 0-Nays, 0-Absent

Committee members had further discussion about the potential risks of setting aside funds for an estimated 2-3 years for the project completion, and about potential alternative needs for funds that could impact the feasibility of investing and committing funds for such a lengthy time period for this project. It was noted that cost overruns or construction overruns are always an uncertainty.

There was discussion about what other projects may require additional funding sooner than later, such as modernizing the Vets hall, or emergency issues that could come up. The possibility of borrowing funds was raised as an alternative in case of an emergency situation.

Committee member Wyatt moved to recommend that the CCSD Board apply for the 50% matching grant based on the updated project cost of \$1.2 million.

Committee member McDowell seconded the motion.

The motion was approved: 4-Ayes, 1-Nay (Vice Chair Steidel), 0-Absent

B. Discussion and Appointment of Ad Hoc Subcommittee Regarding Review of Reserve Policy

(This item was taken up first in Regular Business, before Item A)

Vice Chair Steidel and Committee member Chrisman volunteered to serve on this committee. They will review the restricted and unrestricted reserves and report back next month.

C. Review and Discussion of Report from Ad Hoc Subcommittee on Budget Policy Review

Committee member Pierson reported on progress of the subcommittee and outlined a proposal for review and updates to the overhead allocation process. The committee will meet again during the week of April 10th to work with staff and refine this proposal.

D. Discussion and Consideration to Amend Wastewater Fund-General Fund Interfund Repayment Agreement with Recommendation to the Board

Due to past loans between accounts that didn't have full documentation, Ms. Duffield requested the committee review and approve a proposed loan repayment schedule to take to the board.

Committee member Pierson moved to recommend that the CCSD board amend the Wastewater Fund-General Fund Interfund Repayment Agreement as recommended by Staff.

Vice Chair Seidel seconded the motion.

The motion was approved: 5-Ayes, 0-Nays, 0-Absent

E. Discussion and Consideration of Water Fund-General Fund Interfund Repayment Agreement, with Recommendation to the Board

This item is related to old loan repayments and interfund loan amounts between accounts, and whether or not interest must be charged between accounts. Some agreements for interfund loans had interest specified in the repayment schedules and some did not specify, so Ms. Duffield sought clarification from the Finance Committee on this issue. There was discussion about having a specific review of interfund loan policies in the future.

Committee member Pierson moved to recommend to the CCSD Board that the repayment agreement as submitted by the Staff be approved, with the exception that the interest on this specific loan be forgiven.

Vice Chair Steidel seconded the motion.

The motion was approved: 5-Ayes, 0-Nays, 0-Absent

#### F. FUTURE AGENDA ITEMS

Committee Member Pierson asked for a discussion on opportunities for revenue enhancement in case additional funds are needed for emergencies or additional high-level priorities for the Fire Department, Maintenance, Facilities or further improvement of the Ranch.

#### G. ADJOURN

Chairman Gray adjourned the meeting at 12:15 p.m.

#### CAMBRIA COMMUNITY SERVICES DISTRICT

TO: Finance Committee AGENDA NO. 3.A.

FROM: Matthew McElhenie, General Manager

Denise Fritz, Finance Manager

Meeting Date: April 25, 2023 Subject: Review of Third Quarter Budget

Report and Staff Recommendation

**RECOMMENDATIONS**: Staff recommends the Finance Committee discuss and review the fiscal year 2022/23 third quarter budget report, proposed budget adjustment, and approve recommendation to the Board of Directors.

**DISCUSSION**: During the third quarter of fiscal year 2022/23, the Board approved budget adjustments for:

- Authorizing an Installment Sale Agreement and budget adjustment for the Chief Command SSV vehicle
- PG&E IGA Projects
- General Fund reserve purchase of Fire Department Equipment
- General Fund reserve purchase of Fire Engine

All approved adjustments are included in this report.

A section has been added, including a detailed accounting of the PG&E IGA projects, which is presented for your review and consideration.

The Board adopted CIP list has been updated to reflect the activities from July 1, 2022, to March 31, 2023.

Staff recommends the Finance Committee make the recommendation to the Board of Directors to receive and file the fiscal year 2022/23 third quarter budget report.

It is the policy of the Cambria Community Services District that an annual Budget will be prepared, presented to the Board of Directors for approval and used as the guide for District spending decisions each year.

The annual budget serves multiple purposes:

- Translate District plans into financial estimates of the impact of those plans.
- Provide a template for resource allocation.
- Establish spending controls consistent with District needs and Board objectives.
- Provide a basis for evaluation of actual spending during the year.
- Provide a guidepost for expectations and a basis for determining when actual events are inconsistent with those expectations.

With its approval, the Board of Directors authorizes General Manger to plan for and take actions that are consistent with the Budget, within the limits of other Board policies. Prior to taking action that is inconsistent with either the Budget of other policies, the General Manager will raise the issue for discussion and approval at a public meeting.

#### II. PROCEDURES

#### A. Plans, Goals, Resources

A budget is a financial manifestation of plans and goals. In order to be meaningful, the Annual Budget must include a discussion of District goals and objectives, plans to accomplish those objectives (in the case of multi-year objectives the Annual Budget will address what will be accomplished in the relevant year), available resources and discussion of trade-offs between competing objectives and available resources.

Plans and objectives must be consistent with overall Board policy and direction. They should be developed in such a way that they are measurable. During the year and following each year, the General Manager will report on achievements and gaps between what was achieved and initial plans and objectives. These reports will include the financial implications of these achievements and gaps and plans for remediation if necessary. Interim reports will be presented on at least a quarterly basis.

1

#### **B.** Calendaring

The Annual Budget must be prepared and presented to the Board in a timely fashion. Except under exceptional circumstances, requiring approval by the Board, the Budget must be approved prior to the beginning of each fiscal year. The typical schedule will include the following:

- Preliminary budget submitted for review by the Standing Finance Committee at the May meeting.
- Revised preliminary budget, incorporating input from the Standing Finance Committee where appropriate, shall be submitted to the Board at its regular June meeting, in order to meet the required statutory deadline of adoption by June 30<sup>th</sup>.
- Final budget submitted for review by the Standing Finance Committee at the July meeting.
- Final Budget, incorporating input from the Finance Standing Committee and/or Board, submitted for approval at the regular August Board meeting in order to meet the required statutory deadline of August 31<sup>st</sup>
- Special meeting(s) of the Standing Finance Committee and/or the Board may be necessary to resolve difficult issues prior to adopting the Preliminary or Final Budgets.

#### C. Mid-year Budget Update

If there is an event or events that materially impacts the assumptions in the Annual Budget, the General Manager will propose and present a midyear update for approval. Any midyear update will be prepared on a schedule that leads to approval as soon as practical after the regular December Board meeting, but no later than the regular February Board meeting. Changes should be limited to the impacts of the triggering event on plans, objectives and financial performance.

The General Manager also has the option of proposing and presenting a quarterly budget update for approval. Any quarterly update will be prepared on a scheduled that includes a review by the Standing Finance Committee, in advance of the regular board meetings in November, February and May.

#### D. Organization Chart and Position Allocation Listing

Budget documents will include both an organization chart and a position allocation listing which is a count of full-time equivalent employees. The full-time equivalent of employees will display the number of employees at the end of the current budget year as well as the planned headcount at the end of the proposed budget year.

Full-time equivalent will only include the employee count. Contractors, Consultants and Temporary employees or agencies will be represented in the organization chart and table to give a clear picture of the number of staffing required to fulfill the need to the District. Vacant positions will also be identified.

Potential open positions that will not be filled due to budget constraints should also be noted. New positions require justification and the General Manager is encouraged to provide a discussion about the relative merits for creating and filling positions.

#### E. CIP & Other Capital Assets

Capital spending plans are by their nature multi-year. Each year, prior to budget preparation, the General Manager should evaluate the needs to acquire or replace infrastructure, facilities, equipment and other capital items for a reasonable time period (five years or more). These plans should prioritize the acquisitions and identify funds available to achieve the plans. All plans should include discussion of the impact of acquiring assets and/or failing to acquire them due to resource limitations.

The General Manager shall work with the Standing Resource & Infrastructure Committee in establishing, changing and maintaining the Capital Improvement Plan for the District. The Capital Improvement Plan shall be adopted along with the Preliminary and Final Budgets and be amended as needed during the mid-year or quarterly budget updates.

#### F. Overhead Allocation

Overhead allocation is a tool to match the costs of administrative functions to the operating activities of the CSD. Administrative functions will be charged to a department or departments that are accounted for in the General Fund. Allocation to the Enterprise Funds, (Water, including the WRF, Wastewater) are necessary to assure that rates will be set to properly reimburse the General Fund for expenses necessary to the delivery of services.

Overhead allocation will take into account four criteria:

- Recovery based on equal distribution to all departments.
- Recovery based on relative size of department. The term "relative size" is a subjective determination based on estimates of each department's use of resources and impact on the District's overall mission.
- Recovery based on full-time equivalent employees.
- Recovery based on percent of administrative labor applied to departments as determined by interviewing administrative personnel.

On a yearly basis, each type of administrative spending will be reviewed to determine the best method, of the four above, to allocate that expense to the operating departments.

As part of the budget process, the charges to each operating department will be the percentage of total overhead budget derived from aggregating the recoveries applied to each spending line item. The percentage of overhead spending allocated to each operating department will be set at the beginning of the year and will not be changed unless there is a material change in actual or anticipated overhead spending, or a change in the nature of one or more operating departments that would cause a material change in the recovery methodologies.

#### G. Income Allocation – Property Tax and Other

Property taxes are the primary source of funds for the General Fund departments. Since administrative overhead is fully allocated, no property tax receipts will be allocated to the administrative department(s). Currently, the departments receiving allocations of property tax are the Fire Department, the Facilities and Resources Department and the Parks, Recreation and Open Space department.

Allocation of property taxes is arbitrary. Ultimately, the allocation is the proper responsibility of the CSD Board of Directors. The methodology is iterative. The General Manager should budget expenses for each of the General Fund departments with an understanding of the likely level of property tax receipts. Once expenses are projected, the General Manager will make a recommendation to the Board about the appropriate allocation of property tax receipts. The recommendation should include discussion about the choices made in the spending projections and potential competition between departments for limited funds. The Board will determine the extent to which it agrees with the General Manager's priorities and allocate anticipated property taxes appropriately. If necessary, the Budget will be revised to take into account the Board's allocation decision.

Minor sources of income, such as fees and grants, are generally specified to certain funds. When the purpose is unspecified, the Board will allocate funds based on recommendations by the General Manager.

#### H. Structure

Working with the General Manager, the Board should set operating and financial objectives. This process is discussed above. From a structural standpoint, the budget's financial documents must reflect the financial impact of these objectives. More specifically, budget documents must contain at least the following information:

- Beginning Fund Balance
- Receipts of funds
- Loan Proceeds (external and interfund)
- Expenses
- Capital expenditures
- Loan Repayments (external and interfund) Allocation to reserves for:
  - o Emergency o Replacement
  - o Unfunded liabilities such as employee benefits o Other
- Other receipts or expenses
- Ending Fund Balance

To the extent necessary, the budget will contain appropriate documents with detail supporting the above line-items.

#### I. Consolidation Entries

The budget will include at least two consolidation levels: General Fund and District. In the process of consolidation, internal transfers will be eliminated to avoid overstating income and expenses. Internal transfers include, but are not limited to, overhead allocation and interfund loans.

POLICY TITLE: Reserve Policy

**POLICY NUMBER: 2150** 

**Purpose:** The Cambria Community Services District shall maintain reserve funds from existing unrestricted funds as designated by the District's Reserve Policy. Funds established under this policy shall function as both Capital Outlay and Contingency Reserves. This policy establishes the procedure and level of reserve funding to achieve goals, including the following:

- a. Maintain operational sustainability in periods of economic uncertainty.
- b. Contingencies (i.e. unplanned but necessary expenditures, emergencies, disasters, etc.)
- c. Fund replacement and major repairs for the district's major assets and infrastructure.
- d. Fund multi-year capital improvements.
- e. Fund designated projects/programs or other special uses not otherwise funded by current operational income, grants or other available sources.

The District will account for reserves as required by Governmental Accounting Standards Board Statement No. 54 which distinguishes reserves as among these classes: non-spendable, restricted, committed, assigned and unassigned. The reserves stated by this policy, unless otherwise required by law, contract, or district policy shall be deemed "unassigned" and "assigned" reserves. Reserves set aside pursuant to this Policy will be matched by cash investments.

**Policy:** Use of District funds is limited to available "Unrestricted" Funds, including donations, interest earned, fees for service, tax revenues or other non-grant earnings. All special use funds will be designated by formal action of the Board of Directors.

- a. Reserve Funds will be set aside in each of the District's three Funds (General, Water and Wastewater). The Board of Directors will determine the amount to be set aside as Reserves as line-items in the Annual Budget. At a minimum, the lesser of \$1,000 and 0.1% of revenue will be set aside. In the event that any of the District's Funds receives material, unanticipated eligible revenue (e.g. a windfall) or budget surplus, the Board will consider setting aside some or all of such unanticipated revenue or surplus for reserves before committing expenditure for other purposes. The accumulated balance of unassigned Reserve Funds will not exceed 50% of the respective Fund's prior year Unrestricted Income. Assigned Reserve Funds shall not exceed the specific purpose for which they are accumulated.
- b. Reserves will be set aside for the following purposes:
  - a. General Fund unassigned Reserves:
    - Operating Reserve: Funds to be used to provide for operations in anticipation of Property Tax receipts. Any reserves used for this purpose will be replaced when the Property Taxes are received.
    - ii. Contingencies
  - b. General Fund assigned Reserves:
    - i. Vehicle Fleet purchases to support District operations.

- ii. Technology Reserve to purchase hardware and software to support District operations.
- iii. Capital Improvement expenditures to purchase necessary capital assets or repair, replace, or extend the life of existing assets.
- iv. Special Projects identified by District Staff or the Board of Directors including responses to regulatory requirements.
- c. Water Fund unassigned Reserves:
  - Income buffer to be used when income is reduced as a result of unanticipated drops in demand due to conservation during dry years
  - ii. Contingencies.
- d. Water Fund assigned Reserves:
  - i. WRF Operations set aside during years of non-operation to anticipate expenses incurred when the plant is operated.
  - ii. Vehicle Fleet purchases to support District operations.
  - iii. Technology Reserve to purchase hardware and software to support District operations.
  - iv. Capital Improvement expenditures to purchase necessary capital assets or repair, replace, or extend the life of existing assets.
  - v. Special Projects identified by District Staff or the Board of Directors including responses to regulatory requirements.
- e. Wastewater Fund unassigned Reserves:
  - i. Income buffer to be used when income is reduced as a result of unanticipated drops in demand due to conservation during dry years.
  - ii. Contingencies
- f. Wastewater Fund assigned Reserves:
  - i. Vehicle Fleet purchases to support District operations.
  - ii. Technology Reserve to purchase hardware and software to support District operations.
  - iii. Capital Improvement expenditures to purchase necessary capital assets or repair, replace, or extend the life of existing assets.
  - iv. Special Projects identified by District Staff or the Board of Directors including responses to regulatory requirements.

**Monitoring Reserve Levels:** The General Manager, in collaboration with the Financial Manager, will report to the Board of Directors, on a semi-annual basis, Reserve Balances and Activity. Additional information will be provided:

- a. When a major change in conditions threatens the reserve levels established by this policy,
- b. When a major change in conditions calls the effectiveness of this policy into question, or
- Upon Board of Directors request.

## CAMBRIA COMMUNITY SERVICES DISTRICT FUND BALANCE CASH RESERVE POLICY

#### **PURPOSE**

Cambria Community Services District provides public service through three independent financial funds:

- the General Fund,
- the Water Fund, and
- the Wastewater Fund.

Essential components of a prudent fiscal policy for the District include formal provisions for managing cash reserve policies and managing rate volatility. This policy is to allow the District to weather economic uncertainty and unexpected situations such as natural disasters, to provide sufficient cash flow to avoid the need for short-term borrowing, and to provide financial resources to minimize the impact on rates of significant capital projects. This policy establishes the appropriate level of reserves which the District will try to maintain in the General Fund, Water Fund and Wastewater Fund balances; how the target fund balances will be funded; and the conditions under which fund balances can be used.

For purposes of this Policy, the definition of "reserves" is limited to the portion of fund balance that is unreserved. Unreserved is to mean not set aside for existing legal obligations of the District.

#### **AMOUNTS HELD IN RESERVE**

**General Fund Cash Balance.** The District will strive to hold the amounts listed below in the General Fund Cash Balance. The amounts will be expressed as a percentage of the District's annual operating expenditures of the General Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

- Budget Stabilization Reserve 10-15% to provide for economic uncertainty where revenues
  are interrupted or otherwise insufficient to offset operating expenditures and to provide for
  known or unknown future obligations.
- <u>Liability Contingency and Emergency Disaster Reserve</u> 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.

Water Fund Cash Balance. The District will strive to hold the amounts listed below in the Water Fund Cash Balance. The Budget Stabilization, Liability Contingency/Emergency Disaster and Working Capital Reserves will be expressed as a percentage of the annual operating expenditures of the Water Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

The Rate Stabilization Reserve will be expressed as a fixed amount based on the projected costs of expected impacts that will be mitigated with these funds.

- Budget Stabilization Reserve: 10-15% for economic uncertainty where revenues are interrupted or otherwise insufficient to offset operating expenditures and to provide for known or unknown future obligations.
- <u>Liability Contingency and Emergency Disaster Reserve</u> 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.
- Rate Stabilization Reserve: To help minimize the impact of potentially significant rate increases necessitated by the need to fund future planned capital improvement projects.

Wastewater Fund Cash Balance. The District will strive to hold the amounts listed below in the Wastewater Fund Cash Balance. The Budget Stabilization, Liability Contingency/Emergency Disaster and Working Capital Reserves will be expressed as a percentage of the annual operating expenditures of the Wastewater Fund using a three year trend to develop the actual amount. These amounts are expressed as goal ranges to recognize that fund balance levels can fluctuate from year to year due to the normal course of District government operations.

The Rate Stabilization Reserve will be expressed as a fixed amount based on the projected costs of expected impacts that will be mitigated with these funds.

- <u>Budget Stabilization Reserve:</u> 10-15% for economic uncertainty where revenues are interrupted or otherwise insufficient to offset operating expenditures and to provide for known or unknown future obligations.
- <u>Liability Contingency and Emergency Disaster Reserve</u> 15-20% to provide for major unforeseen liabilities and events such as natural disasters and catastrophic events.
- Working Capital Reserve 10-15% to provide sufficient cash flow.
- Rate Stabilization Reserve: To help minimize the impact of potentially significant rate increases necessitated by the need to fund future planned capital improvement projects.

#### **FUNDING TARGET FUND CASH BALANCES**

**General Fund**. Funding of General Fund cash balance targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- GASB 45 unfunded post-employment benefits other than pensions (retiree health-care)

**Water Fund**. Funding of Water Fund Budget Stabilization, Liability Contingency/Emergency Disaster, and Working Capital Reserve targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- Rate Stabilization Reserves

The funding for Water Fund Rate Stabilization Reserves will come from Connection Fee Revenues and specifically designated fees included as part of the normal operating fees charged each bi-monthly billing period.

**Wastewater Fund.** Funding of Wastewater Fund Budget Stabilization, Liability Contingency/Emergency Disaster, and Working Capital Reserve targets will generally come from excess revenues over expenditures or one-time revenues. The reserves will be funded in the following priority order:

- Working Capital Reserve
- Budget Stabilization Reserve
- Emergency Disaster Reserve
- Rate Stabilization Reserves

The funding for Wastewater Fund Rate Stabilization Reserves will come from Connection Fee Revenues and specifically designated fees included as part of the normal operating fees charged each bi-monthly billing period.

#### **CONDITIONS FOR USE OF RESERVES**

The use of Budget Stabilization and Emergency Disaster reserves shall be limited to unanticipated, non-recurring needs, or anticipated future obligations. These Cash Reserves shall not be used for normal or recurring annual operating expenditures. The use of these reserves shall require approval by a majority of the CCSD board of Directors.

The Working Capital Reserve will be used to fund normal or recurring annual operating expenditures in the General Fund when budgeted taxes have not yet been received during a fiscal year. They will be replenished when the taxes are received. The use of these reserves can be authorized by the General Manager.

Rate Stabilization Reserves will be used to minimize the impact to citizens of potentially significant rate increases due to necessary expenditures on capital projects. The use of these reserves shall require approval by a majority of the CCSD board of Directors.

The District General Manager is authorized to make recommendations to the District Board of Directors for use of reserves. Any recommendation shall be accompanied by a proposal for the replenishment of the reserves.

#### **REVIEW**

This policy should be reviewed on an annual basis and changed where deemed appropriate to reflect changes in the CCSD's operations. The Board of Directors may at any time make changes to this policy to reflect current CCSD operations.

Reserve Policy Ad Hoc Committee Status Report for April 25, 2023

- O Two Reserve Policies have been identified.
  - (1) <u>"Fund Balance Cash Reserve Policy"</u>, BOD approved by Consent 9/22/2016
  - (2) <u>"Refund Policy", Policy Number 2150,</u> BOD approved 8/15/2019. As mandated in the policy, a 2-year review occurred by the Finance Committee and identifying a single term change in its recommendation of approval. Policy 2150 revision was approved by the BOD May 13, 2021

An historical review of both documents was performed to confirm that the older document had never been superseded

- O We are currently reviewing both policies to identify areas of difference and similarity to consider merging the two documents, in a revised Policy Number 2150, superseding and retiring the 9/22/2016 "Fund Balance Cash Reserve Policy".
- O Timing for any application a newly stated policy, approved by the BOD would not align for application relative to the FY2023/FY2024 Budget.
- O Discussions to date have centered on a need for a more descriptive Policy which addresses the two aspects of Reserves:
  - (1) The status of reserves as required by Governmental Accounting Standards Board Statement (GASB) Number 54 which distinguishes five defined classes of Reserves.
  - (2) Definition and management of "unassigned" or "assigned" Reserves, each of which exists independently within the General Fun, and each of our two Enterprise Funds.
  - (3) Use of nomenclature (internal use of terms used and reflected internally in CCSD documentation versus terminology defined in formal GASB documents.
- O Once this research and definition of terms is complete, the Ad Hoc will proceed with determination of Reserve designations and their management (including Categories, Contribution Rates/Methodology, Target Balances). In addition, the Ad Hoc will review the Policy 2150 methods and timing of Reserve Levels Monitoring.
