Re: 2021 Rodeo Grounds Road, Cambria, CA – GENERATOR REPLACEMENT

Hello Jim,

We are pleased to submit our proposal for the above-referenced generator replacement project. CD & Power (formerly known as California Diesel & Power and officially known as Got Power, Inc.) has been in business since 1985 and specializes in engine and generator service, rental, sales, and turn-key installation.

Our company is the largest independent generator service organization in Northern California with 25+ factory trained generator technicians equipped with field service trucks stocked with parts and supplies.

CD & Power is a licensed contractor, #757162 A, C10; a certified woman-owned business; and registered with the Department of Industrial Relations for public works projects.

Throughout our 39+ years in business, our company culture has been based on outstanding service, safe work practices, continuous learning and training, and customer service. We strive to build long-term relationships with our customers built on trust and integrity.

REQUIREMENTS FOR SUBMISSION:

CD & Power agrees to be bound by the proposal without modifications unless mutually agreed upon by CD & Power and CCSD.

CD & Power understands and accepts the SOW identified in Exhibit B:

The following must be noted and measures to comply (e.g., a work plan) included in the response to the RFP:

1. The **MAXIMUM** amount of time the pump station can be without backup power is 36 hours. This is incredibly important and **MUST** be taken into consideration when planning the work. The scope of work includes adding a connector/plug for a trailer-mounted generator for backup power during the generator replacement work. CCSD will supply a trailer-mounted generator.
2. The **MAXIMUM** amount of time the pump station can be without power entirely (e.g., during ATS installation/connection or disconnection) is 6 hours.

We do it all!

CD & Power owns 200+ Rental Generators and can deploy a install an towable portable generator onsite within 6 hours of shut down as required.

CD & Power will install the desired generator plug/quick connect to expedite the installation of one of our owned towable generators.

A towable generator will be reserved and/or placed at the jobsite to meet these requirements.

Should you have any questions about anything in this proposal, I welcome your call. We would appreciate the opportunity to perform this work for the Cambria Community Service District.

Sincerely,
