Hi Haley
Could you please read this to the board during public comment period.

Honorable Board and management

I am speaking for the majority of our 260 chamber members and those on the affordable housing wait list .

There has been a hoc committee working on changes to the CCSD regulations on affordable housing for over nine months. We deserve a updated report and when will the changes be completed and voted on by the board. We have been delayed long enough by this work.

Thank you
Mel M cColloch
Representative for Dr. Pilch

Thank you Haley, please let me know if you can read this. Have a good weekend
